

LIST OF ACTIVE PHARMACEUTICAL INGREDIENTS (APIs)

1. Formulations made of erythromycin salts
2. Formulations made of clindamycin salts
3. Formulations made of progesterone
4. Formulations made of vitamin B1
5. Formulations made of vitamin B6
6. Formulations made of vitamin B12
7. Formulations made of neomycin
8. Formulations made of ornidazole
9. Formulations made of metronidazole
10. Formulations made of tinidazole
11. Formulations made of acyclovir
12. Formulations made of paracetamol
13. Erythromycin salts
14. Clindamycin salts
15. Progesterone
16. Vitamin B1
17. Vitamin B6
18. Vitamin B12
19. Neomycin
20. Ornidazole
21. Metronidazole
22. Tinidazole
23. Acyclovir
24. Paracetamol
25. Chloramphenicol
