NOTE FOR THE FILE FOR INSPECTION BY INTERESTED PARTIES

Subject: **SAFE009 Steel**

– List of interested parties eligible for the Hearing sessions in September 2018

Dear Madam/Sir,

We refer to the Notes for the file with reference numbers t18.005870 and t18.006872 concerning the hearing sessions in September 2018.

As indicated in the above-mentioned Notes to the file, interested parties are hereby notified the definitive list of parties (see Annex) that are eligible and showed their willingness to participate in the hearing sessions of 12-14 September.

All interested parties which respected the deadline set in paragraph 3.3 of Notice of Initiation 2018/C111/10 have been granted a slot in the hearings sessions.

Although a few Governments and Industry Associations may have missed the above deadline, taking into account their particular representativeness, the Commission has made efforts to provide them with a hearing slot too.

Interested parties to the investigation not admitted to participate in the hearings are reminded that they may still submit their views in writing within the relevant deadlines.

All parties participating in the hearings are recalled that it is mandatory to provide a limited and non-confidential version of their hearing material no later than 10 August 2018.

The definitive schedule of the hearings will be communicated to parties no later than 17 August 2018.

Yours faithfully,

(e-signed)

Joaquín FERNÁNDEZ MARTÍN
Head of Unit
