CONNEXT

2020

FEBRUARY 27-28

CONNECTING COMPANIES TO THE FUTURE

Connex is Confindustria's national industrial partnership meeting organized with the aim of strengthening the business ecosystem. A space of growth for productive supply chains and for companies of all dimensions, including start-ups.

Connex gives companies and economic partners unique opportunities to meet up and exchange views in an environment where the most strategic drivers for business growth and development will be put in place.

Discover them all at: <https://connex.confindustria.it/2020/international>

PARTICIPANTS

SMEs, multinational and large companies, start-ups and innovative companies, business networks, universities, research centres, technology clusters and digital innovation hubs, training and certification institutions, credit and financial entities, public institutions, private suppliers, industrial associations, chambers of commerce, public and private players to build partnerships. This will be the world at Connex 2020!

DRIVERS

One look at the business of the future through 4 key thematic drivers for business growth.

The drivers are thematic development hubs identifying the key sectors of Connex2020 edition.

The drivers will allow companies to better profile themselves on the Marketplace while activating the matching for B2B meetings and networking

2.500

B2B meetings

1.000

Italian and International companies registered on the Marketplace

6 mln

people reached by the digital communication

CONNEX 2020 STRENGTHENS ITS INTERNATIONAL DIMENSION

Connex2020 increases its international dimension opening up to all foreign companies.

Based on the success of the previous edition, Confindustria encourages the participation of all foreign companies with special emphasis on this year's geographical focus areas: the Mediterranean, Africa, Central and Eastern Europe and the European Union.

In its international dimension, Connex2020 intends to promote the development of strategic partnerships, especially in the private sector, with a strong international vocation. Foreign companies will have the opportunity to meet Italian companies within the innovation thematic drivers and develop private-private partnerships.

Strengthening Connex's international dimension through strategic partnerships.

To encourage the participation of highly qualified and innovative foreign companies we count on the support of some of our main partners, helping us create a bridge between Italy and the rest of the world.

Meet our partners at Connex2020:

- Confindustria's international network: our associations representing Italian companies operating in Eastern and Central Europe (Confindustria Est Europa, Confindustria Russia), in Africa and the Middle East (Confindustria Assafrica & Mediterraneo);
- Deutsch-Italienische Handelskammer, AHK: the main Italian-German association in Italy;
- E4IMPACT Foundation: the leading University Alliance for the training of a new generation of impact entrepreneurs, especially in Africa;
- Union of Mediterranean Confederations, **BUSINESSMED**: the main representative of the private sector in the Mediterranean basin. **BUSINESSMED** will coordinate the participation of companies coming from the Mashreq region within the framework of the regional project co-funded by the European Commission, **EBSOMED** (Enhancing Business Support Organizations and Business Networks in the Southern Neighborhood);

... and many more!

ENTER CONNEXT'S WORLD

EXPAND your business network into Italy

A DEDICATED APP

For all key information: your personal agenda of meetings, events and a map locating the stands.

THE MARKETPLACE

A networking platform and a virtual meeting place for new business opportunities and partnerships.

The Marketplace is an exclusive showcase for hundreds of companies. It is a place to meet-up, an opportunity to look beyond your own business and meet new partners, new customers and suppliers; a great occasion to deal with stakeholders, Associations and commercial operators.

The platform will allow you to consult participants' company profiles in real time, to schedule B2B meetings and to plan your own agenda.

A dedicated section will suggest companies the closest partners based on business interest.

New instant messaging tools and networking thematic rooms will allow companies to multiply and facilitate contact and business opportunities even after the event.
