Need: Lack of Cultural Center for rest

Employment creation: 150 people

The purpose of the project: Cleaning the urban pond "Sayran." Reconstruction of the beach and creation the infrastructure for fashionable restaurants

Implementation Period: 2016 – 2018 years

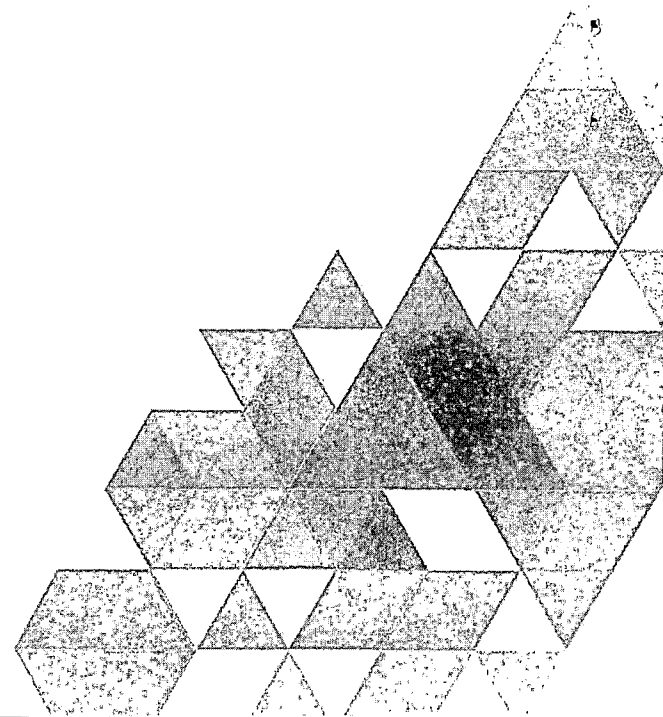

Required investments: 43 mln. dollars. US

Payback period: 10 years

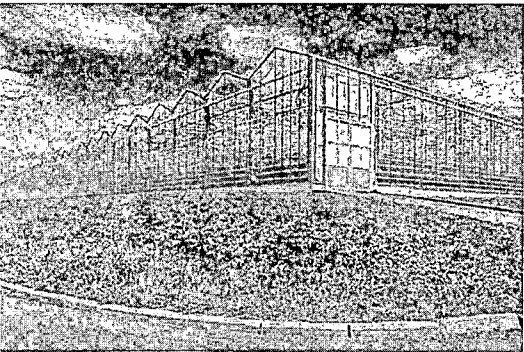

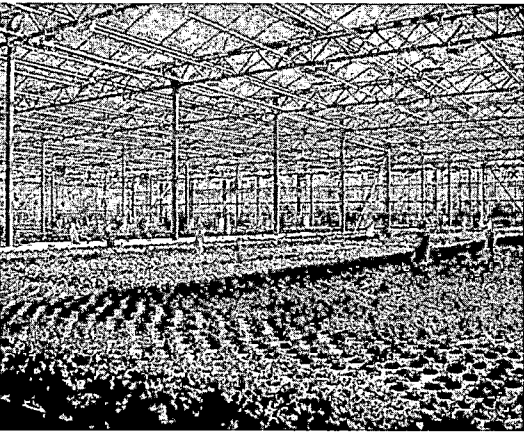

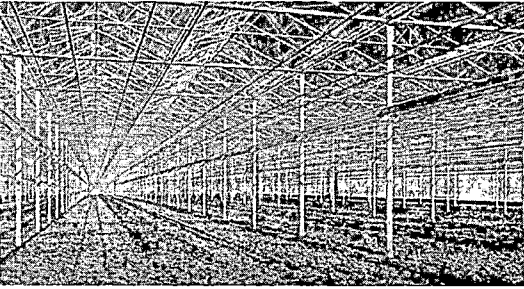

Employment creation: 1200 people

CONSTRUCTION OF GREENHOUSE COMPLEX

The purpose of the project: Construction of Greenhouse Complex

Implementation period: 2016 – 2018 years

Required Investments: 70 mln. dollars. US

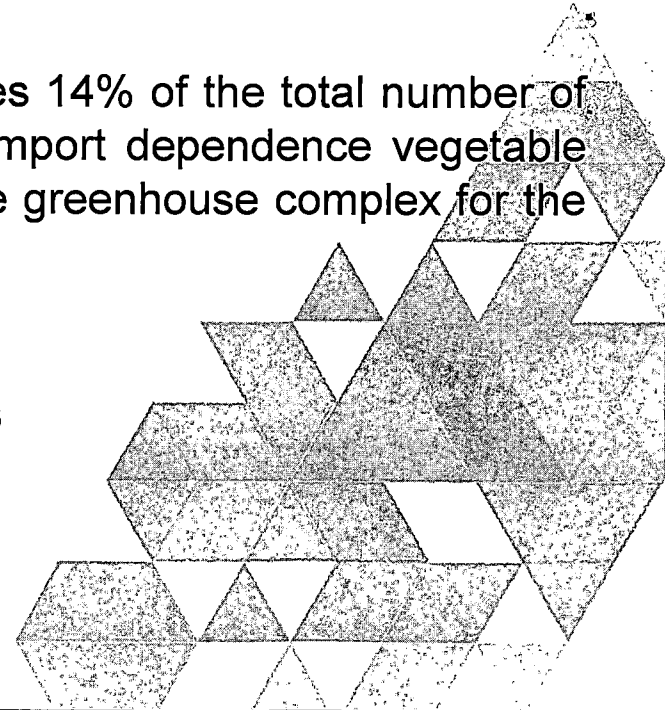

Payback period: 5-6 years

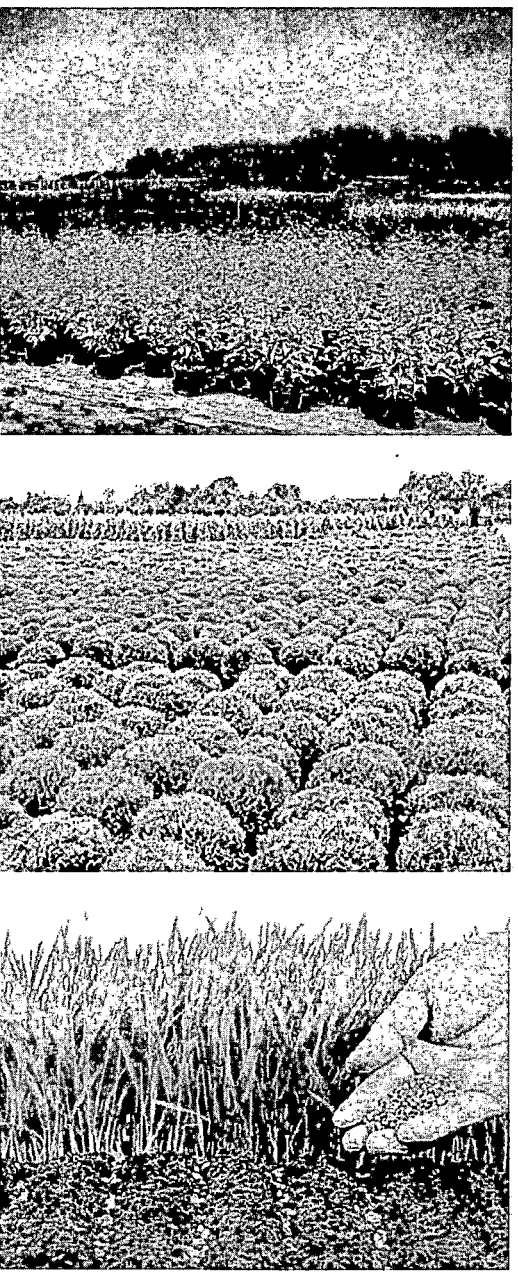

Need: New modern complex occupies 14% of the total number of greenhouses Almaty. The average import dependence vegetable market is 70%. Requires 100-hectare greenhouse complex for the city.

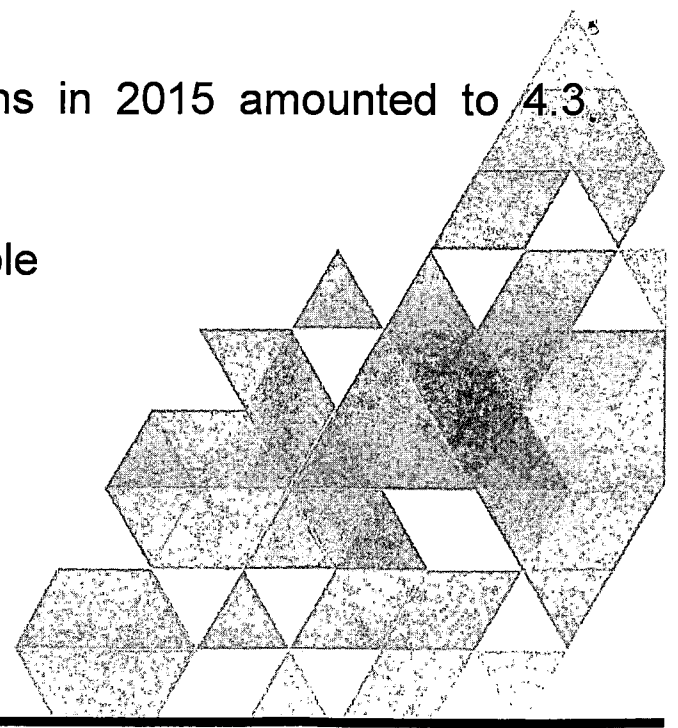

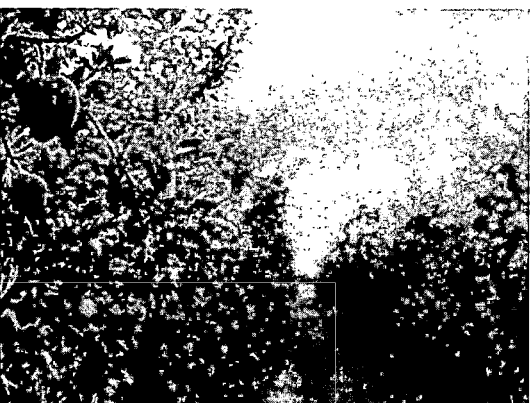

Employment creation: 30 - 40 years

-  **The purpose of the project:** Organization of rearing live plants, including their roots
-  **Implementation period:** 2016 – 2017 years
-  **Required Investments:** 7 mln. dollars. US
-  **Payback period:** 3 years
-  **Need:** Import of plant for 10 months in 2015 amounted to 4.3 million. dollars. US
-  **Employment creation:** 20 – 30 people

The purpose of the project: Growing industrial varieties of apples using drip irrigation technology to meet the needs of Almaty and other regions of Kazakhstan

Implementation period: 2016 – 2020 years

Required Investments: 10 млн. dollars. US

Productivity: 18 thousand tons per year

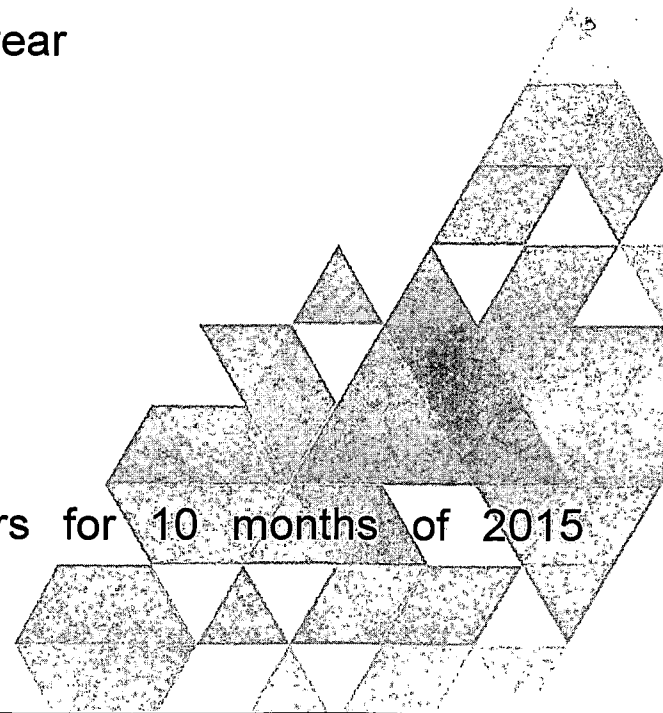

Payback period: 8 years

Employment creation: 500 people

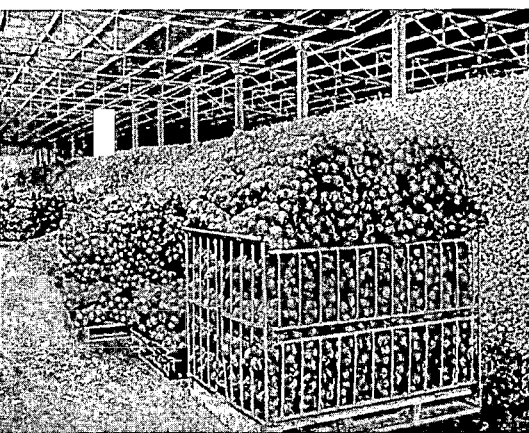

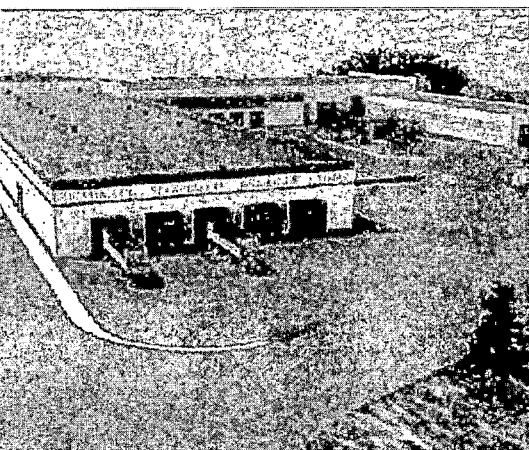

Need: Import of apples and pears for 10 months of 2015 amounted to 7.7 million. dollars. US

CONSTRUCTION OF LOGISTIC GOODS COMPLEX

The purpose of the project: Create the food wholesale platform with a developed infrastructure of storage, transportation, sorting and labeling of agricultural products

Implementation period: 2015 – 2016 years

Required Investments: 25 mln. dollars. US

Payback period: 8 years

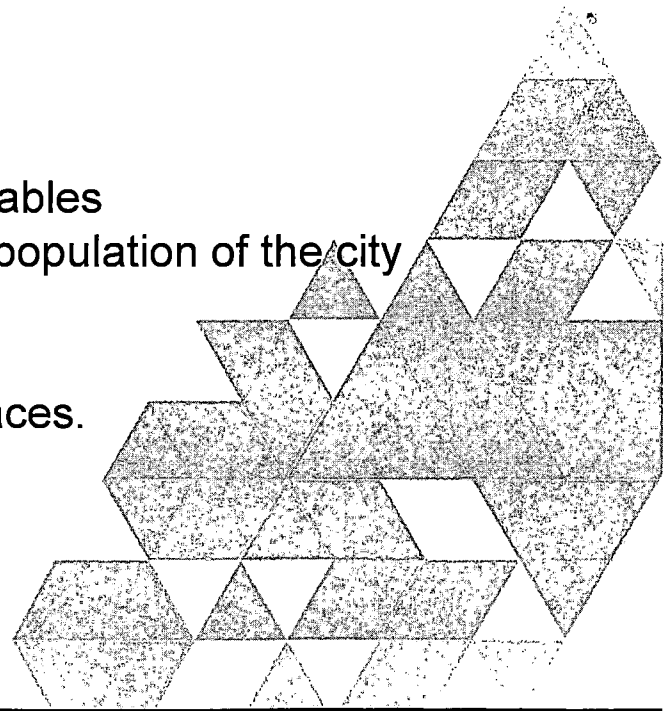

Benefits:

- 1. Lack of capacities for storing vegetables
- 2. The growth of consumption by the population of the city
- 3. Expansion of export potential

Employment creation: 200 work places.

CONSTRUCTION OF WHOLESALE MARKET AND LOGISTICS MARKET

The purpose of the project: Construction of the wholesale market of agricultural products with an extensive logistics system by analogy of the French market "Randzhis"

Implementation period: 2016 – 2020 years

Required Investments: 100 mln. Dollars. US

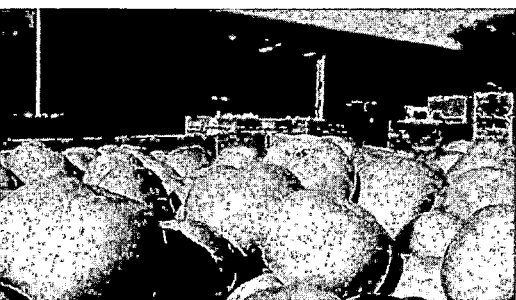

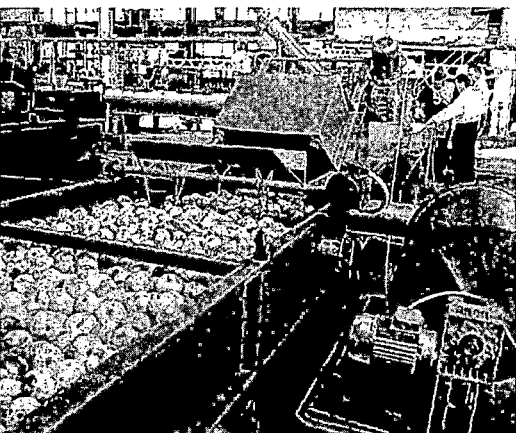

Trade line construction: is to be more than 3,000 retail outlets places

PROJECT AND INVESTIBLE'S PROCESSING

The purpose of the project: To construct a new factory of production of jam

Implementation period: 2016 – 2017 years

Required Investments: 4 mln. dollar. US

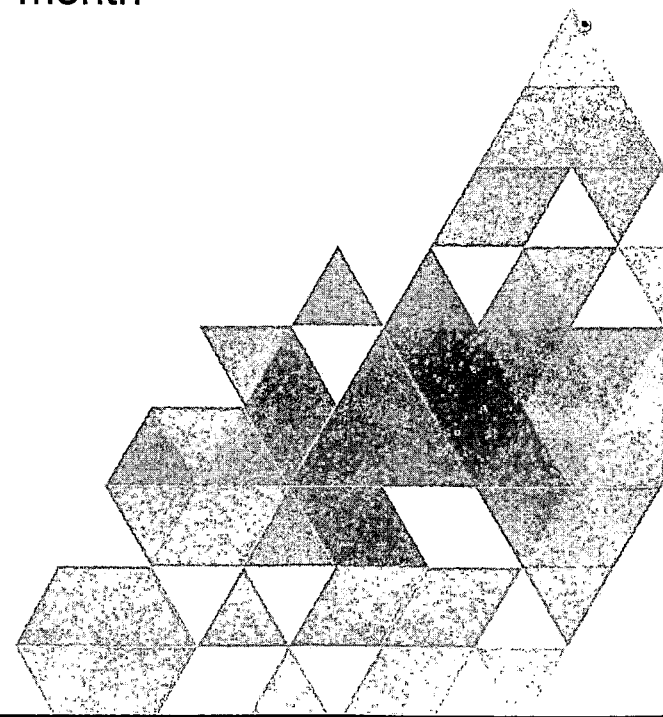

Productivity: 2 tons of products per month

Payback period: 18 – 24 month

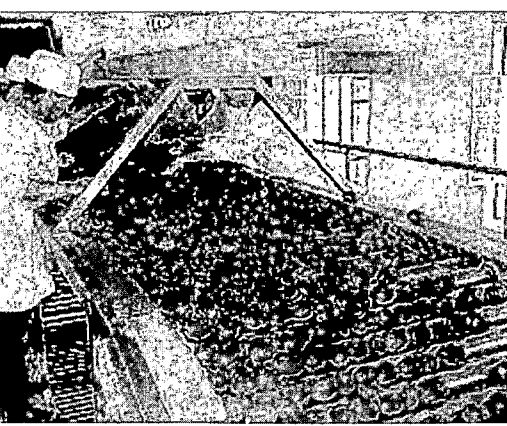

Employment creation: 20 people

PROJEKT WYKONANIA FABRYKI PRZETWÓRZENIA

The purpose of the project: To construct factory for canning vegetables and tomato products

Implementation period: 2016 – 2018 years

Required investments: 3 mln. dollars. US

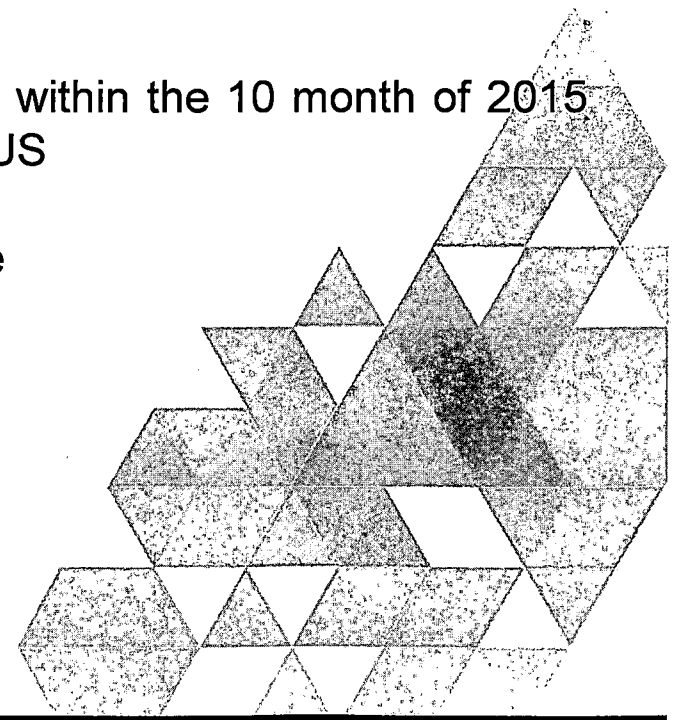

Payback period: 5 years

Need: Imports of canned vegetables within the 10 month of 2015 was amounted of 19 million. dollars. US

Employment creation: 50-55 people

The purpose of the project: Meat Processing. Freezing and cooling. Packaging and labeling into vacuum bags. With further export.

Implementation period: 2016 – 2017 years

Required Investments: 11 mln. dollars. US

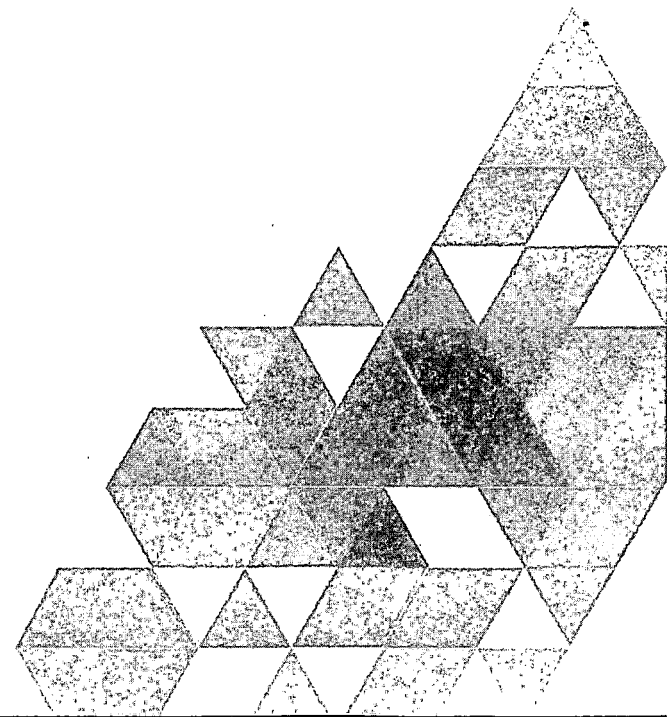

Productivity: 10 tons per days

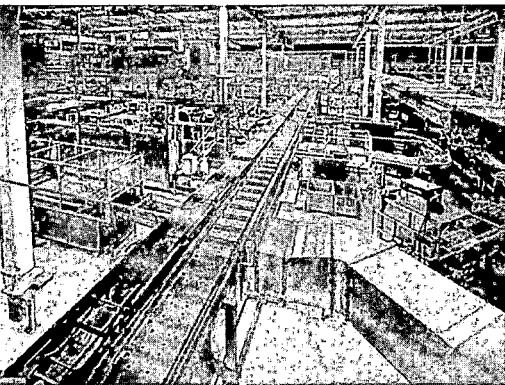

Payback period: 2 years

Employment creation: 40 people

The purpose of the projects: Production of fermented dairy products such as yogurt, cream etc. Including cheese, cottage cheese and margarine production

Implementation period: 2016 – 2017 years

Required Investments: 7 mln. dollar. US

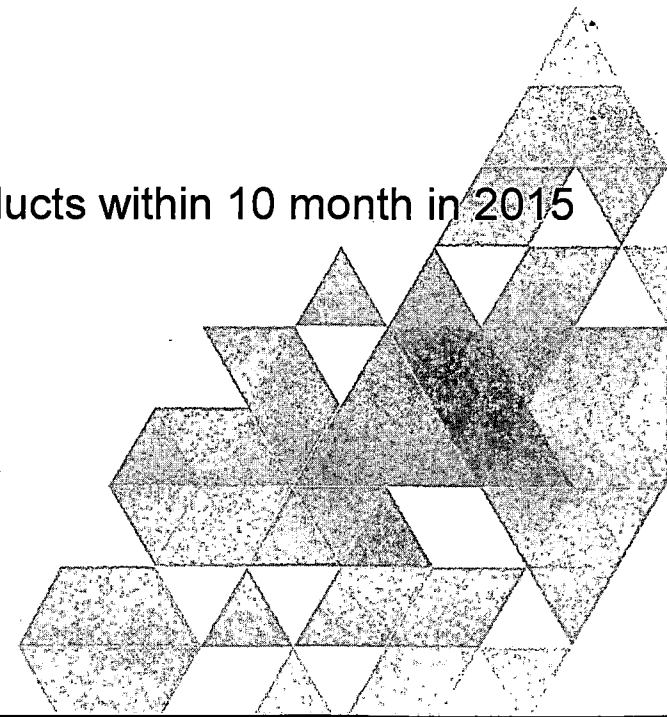

Payback period: 4 years

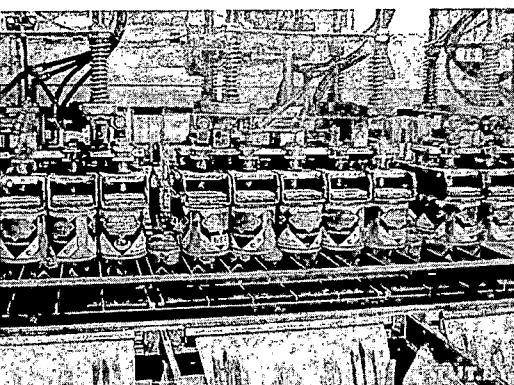

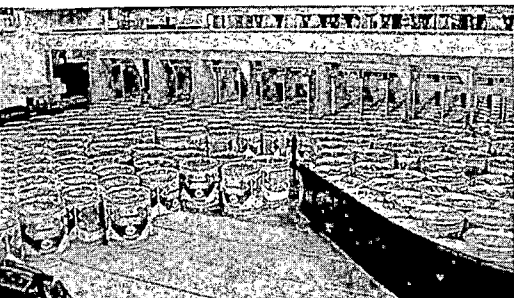

Need: imports of fermented milk products within 10 month in 2015 was in amount of 32.3 million USD

Employment creation: 180 people

PRODUCTION OF CANNED CONDENSED AND NOT CONDENSED MILK

The purpose of the project: Production of canned evaporated or condensed milk with different fat content

Implementation period: 2016 – 2018 years

Required Investments: 3 mln. dollars. US

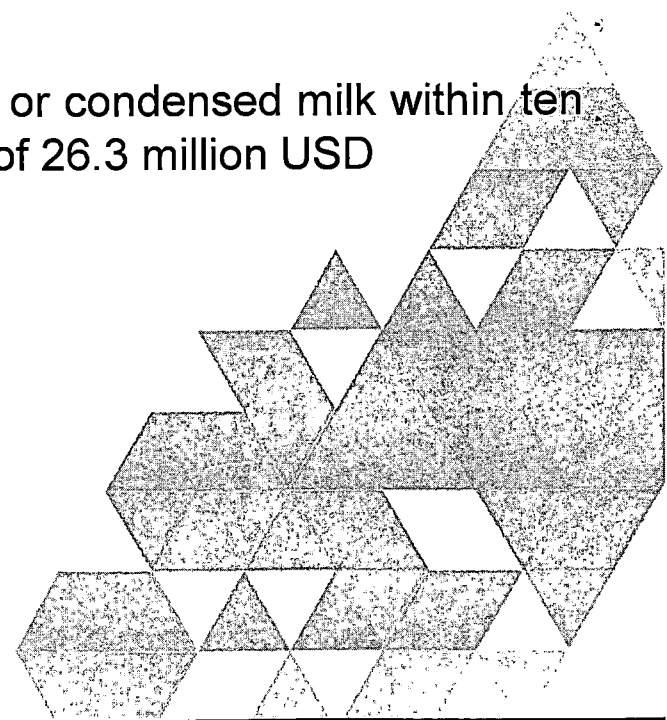

Payback period: 3 year

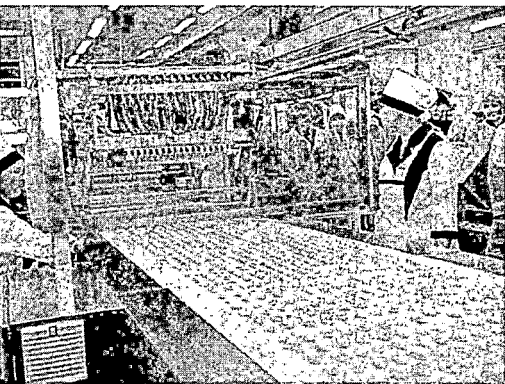

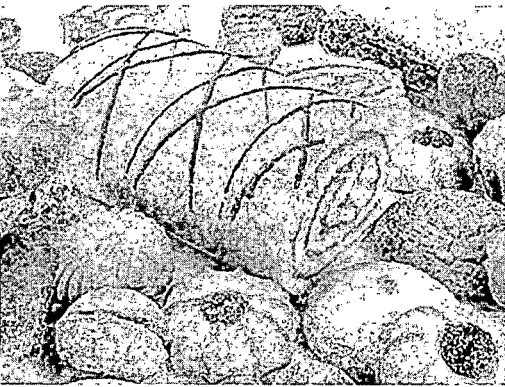

Need: Imports of canned evaporated or condensed milk within ten month period in 2015 was in amount of 26.3 million USD

Employment creation: 50 people

The purpose of the project: To construct the factory of the confectionery and chocolate production

Implementation period: 2016 – 2017 years

Required Investments: 20 mln. dollars. US

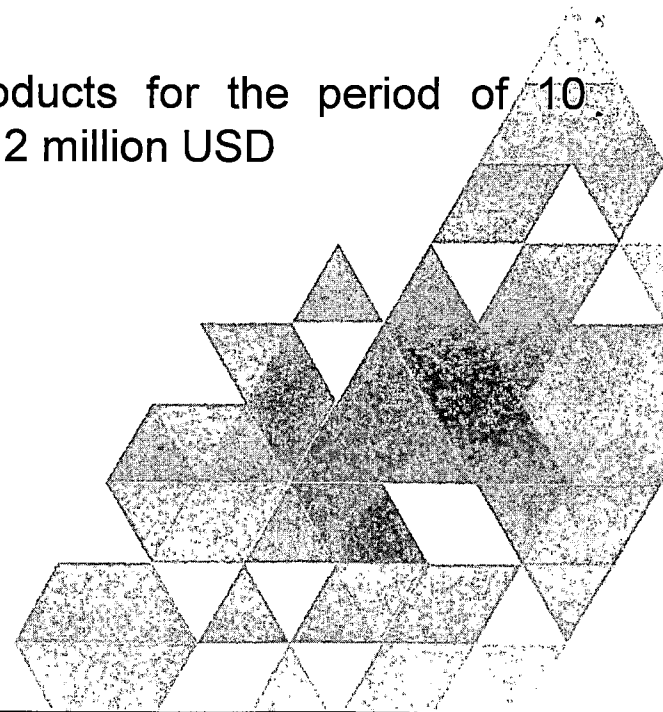

Payback period: 3,5 – 4 years

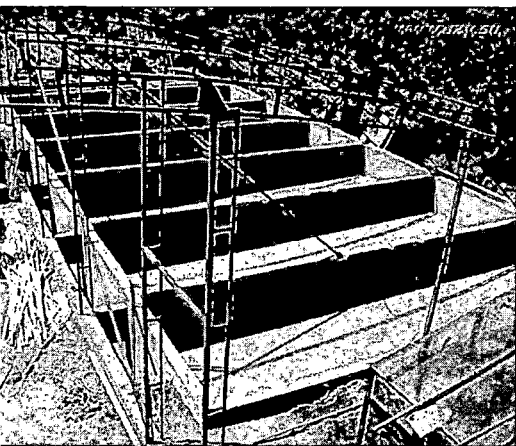

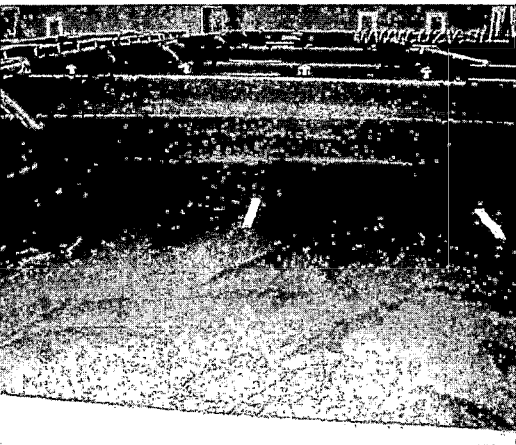

Need: imports of confectionery products for the period of 10 months in 2015 was in amount of 31.2 million USD

Employment creation: 1500 people

The purpose of the project: Production and processing of lake-commercial fish

Implementation period: 2016-2017 years

Required Investments: 5 mln. dollars. US

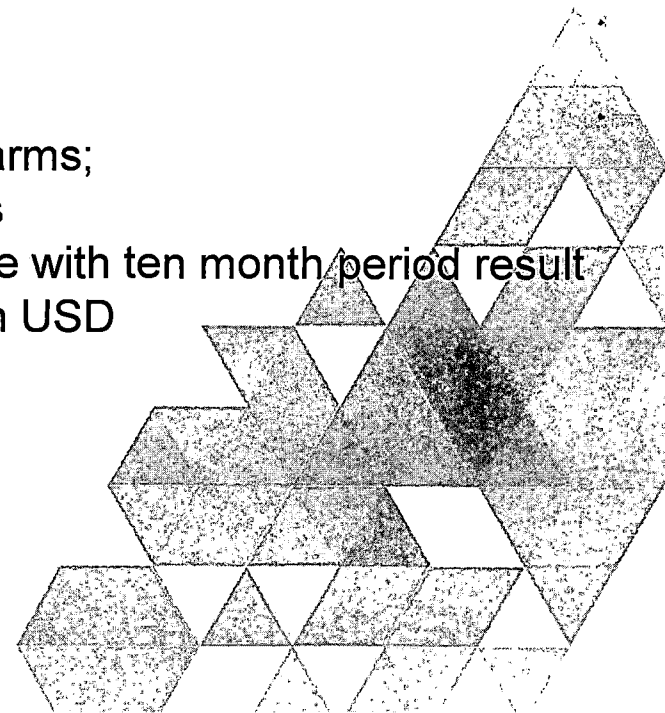

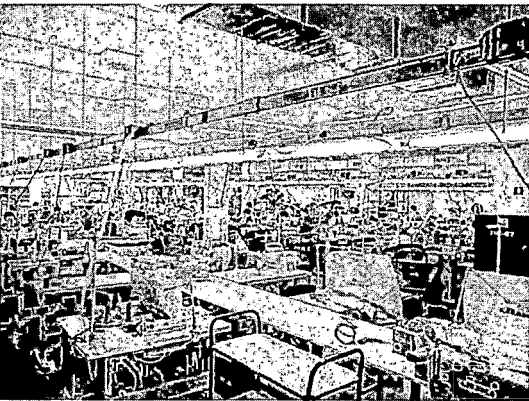

Payback period: 5 years.

Advantage:

- the existence of pond and lake farms;
- the growing demand for products
- import substitution; In accordance with ten month period result the imports in Almaty was 7 million USD

The purpose of the project: To construct clothing manufacture to produce cloth and footwear

Implementation period: 2016 – 2017 years

The scheme of implementation: Establishment of joint venture by attracting investment

Required Investments: 10 mln. dollars. US

Payback period: 4 – 5 years.

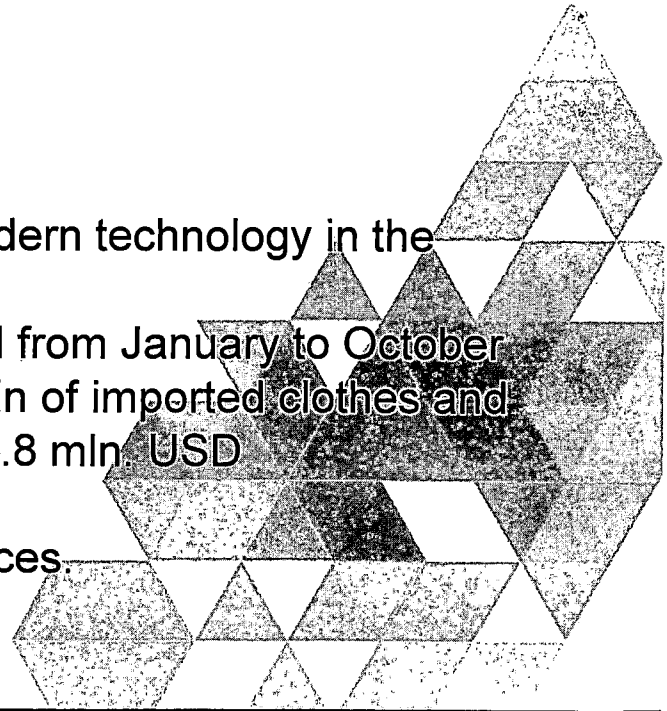

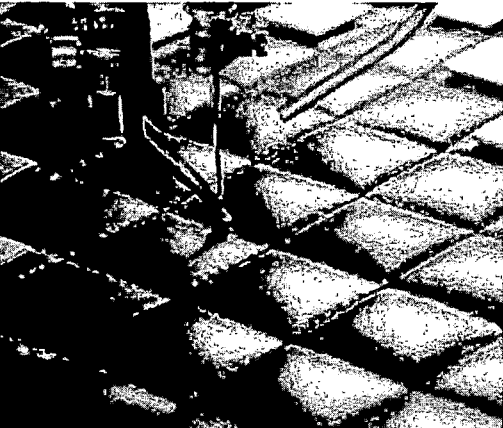

Advantage:

1. The implementation of the new modern technology in the clothing manufacture
2. Capacious market within the period from January to October of 2015 in Almaty City was 194.9 mln of imported clothes and imported shoes was in amount of 169.8 mln USD

Employment creation: 150 work places

The purpose of the project: Production of bags, suitcases, school bags, cases

Implementation period: 2016 – 2018 years

Required Investments: 3,5 – 4 mln. dollars. US

Payback period: 4 years.

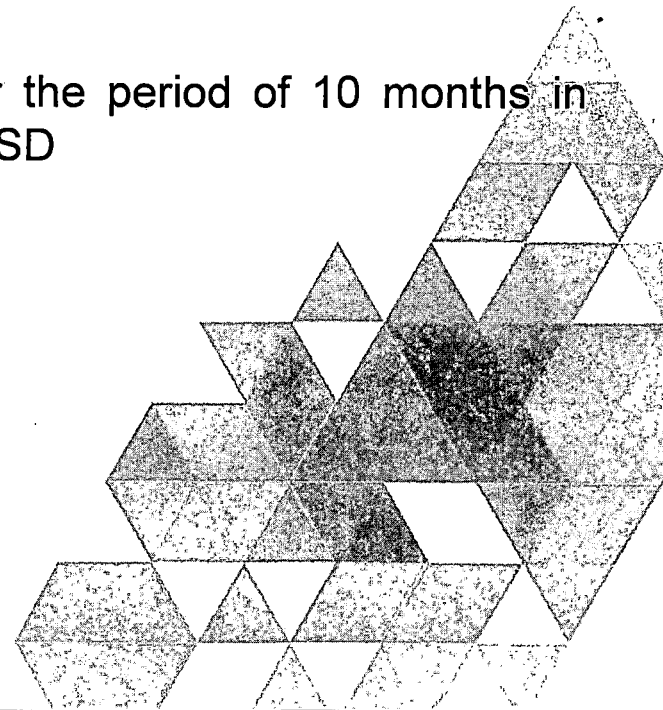

Need: Import of bags, suitcases for the period of 10 months in 2015 was in amount of 42.4 million USD

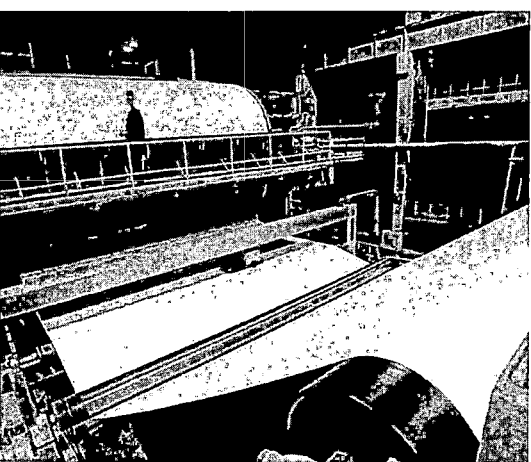

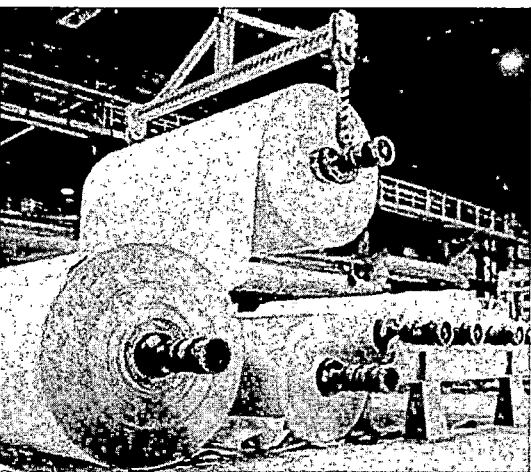

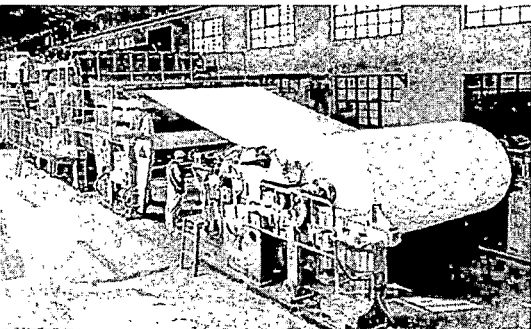

Employment creation: 60 people

2015/07

MANUFACTURE OF PAPER AND PAPER PRODUCTS

The purpose of the project: To construct the factory to produce paper, corrugated cardboard, paper and cardboard packaging, cardboard products

Implementation period: 2016 – 2017 years

Required Investments: 12,8 mln. dollars. US

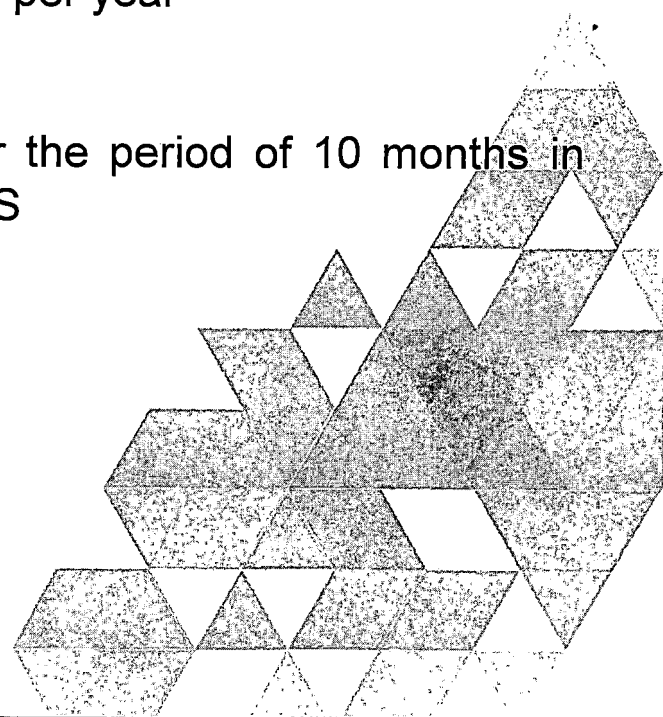

Productivity: 50 million. Paper bags per year

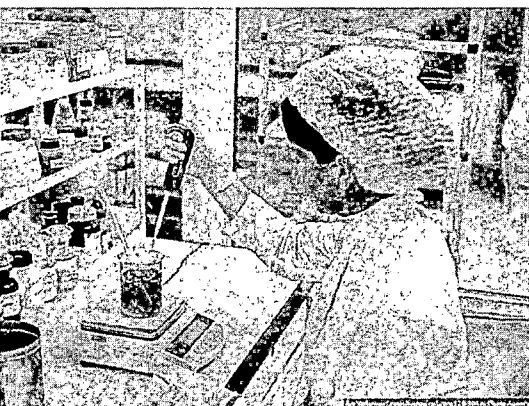

Need: imports of paper products for the period of 10 months in 2015 was in amount of 28.2 million US

Employment creation: 120 people

MEDICINES PRODUCTION

The purpose of the project: Construction workshops of the medicine production

Implementation period: 2016 – 2017 years

Required Investments: 2,8 mln. dollars. US

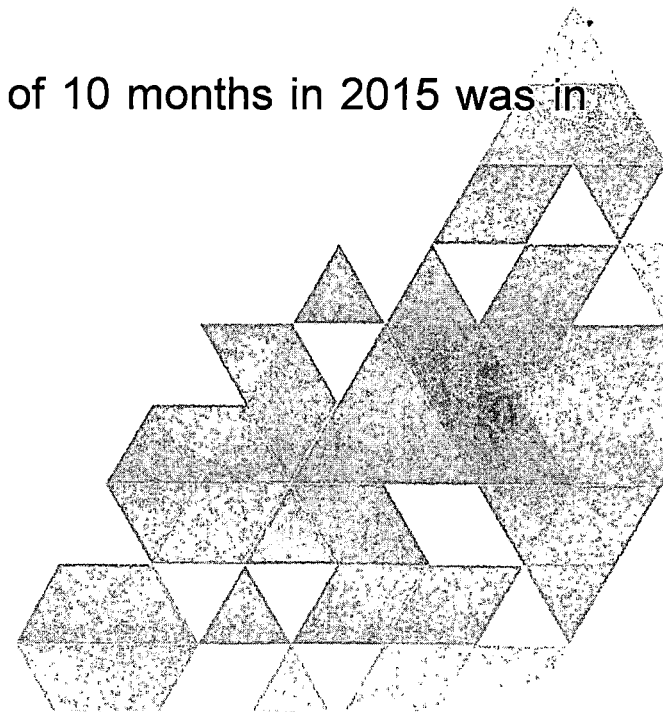

Payback period: 5 years

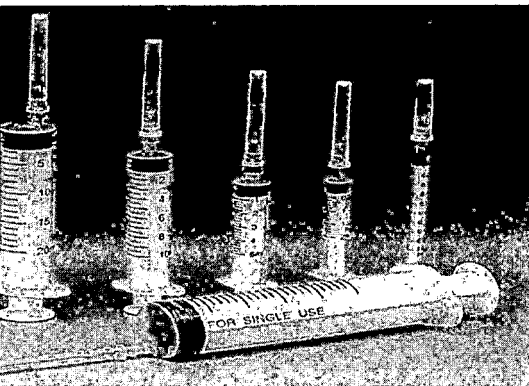

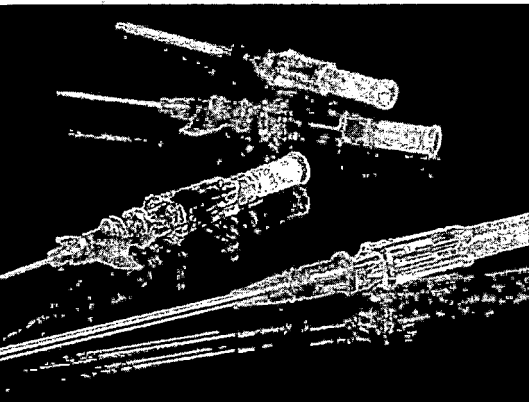

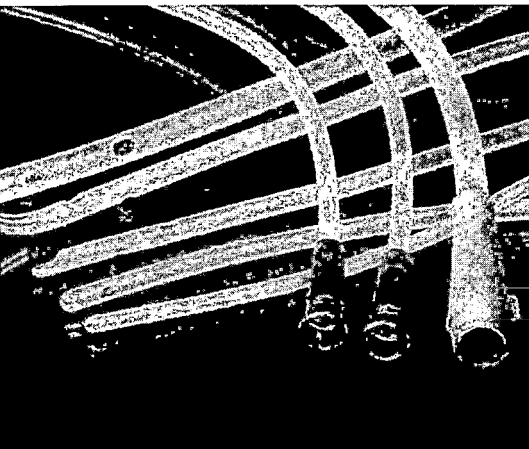

Need: Imported drugs for the period of 10 months in 2015 was in amount of 490 million USD

Employment creation: 30 people

The purpose of the project: To construct the factory to produce disposable medical products from polymers

Implementation period: 2017 – 2018 years

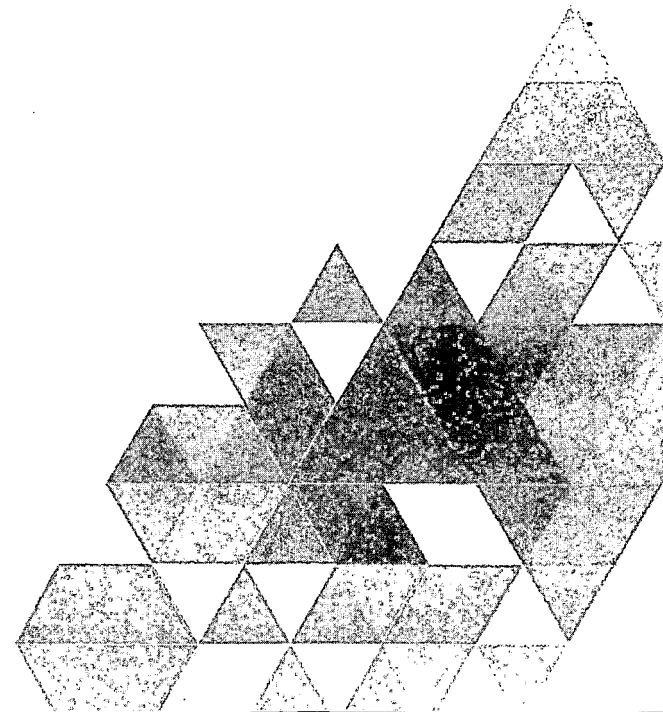

Required Investments: 5,8 mln. dollars. US

Payback period: 5 years

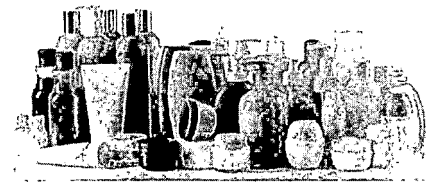

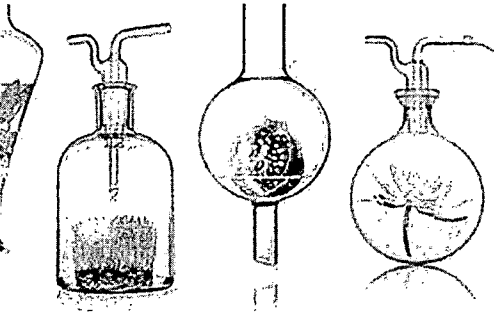

Employment creation: 200 people

COSMETICS MANUFACTURING

The purpose of the project: To construct the factory to produce cosmetics

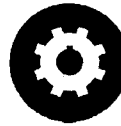

Implementation period: 2016 – 2018 years

Required Investments: 4,5 mln. dollars. US

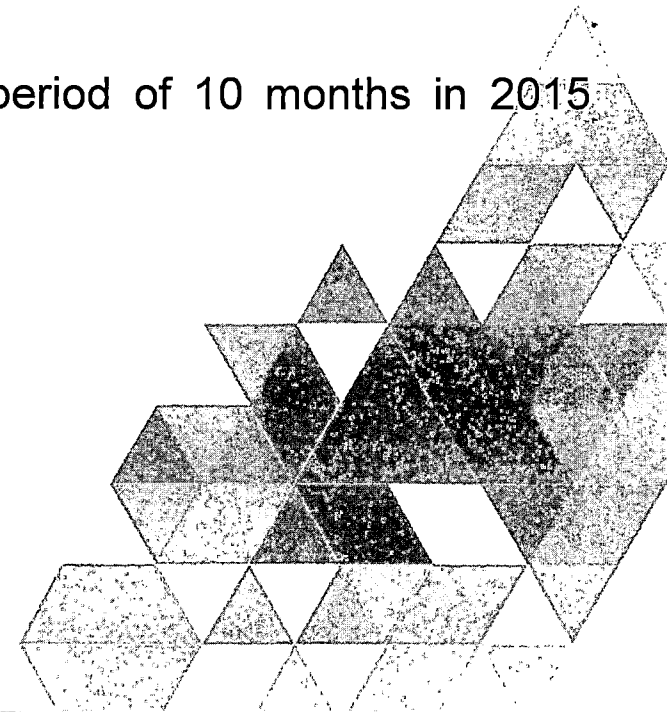

Payback period: 2,5 – 3 years

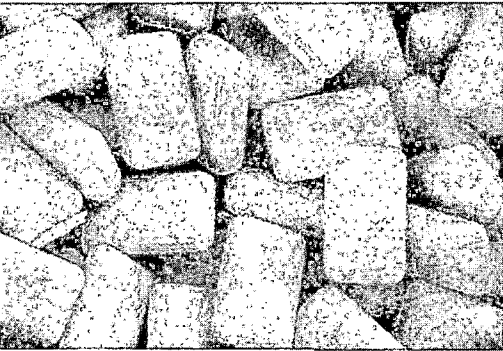

Need: Imported cosmetics for the period of 10 months in 2015 was in amount of 53,4 million USD

Employment creation: 70 people

PRODUCTION OF HOUSEHOLD CHEMICALS AND HYGIENE PRODUCTS

The purpose of the project: Production of household chemicals and hygiene products such as soap, detergent, shaving and oral cavity

Implementation period: 2016 – 2019 years

Required Investments: 12 mln. dollars. US

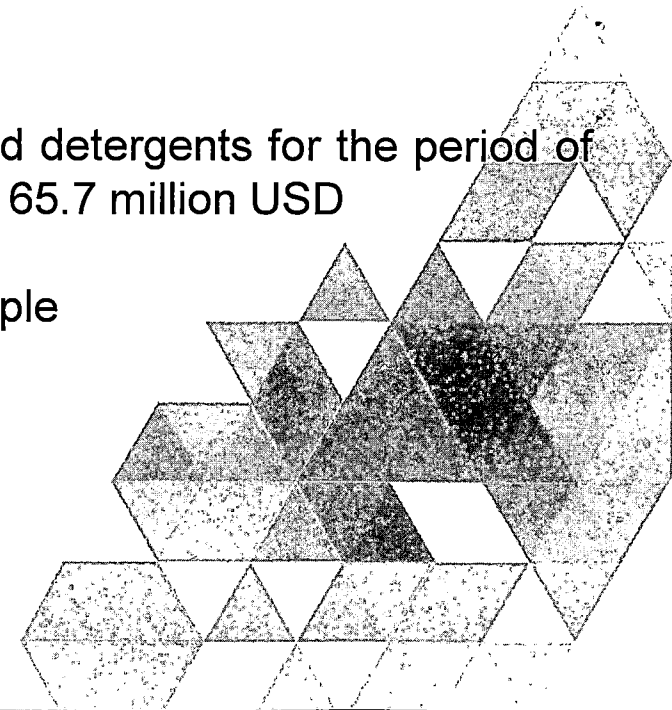

Payback period: 4 years

Need: Imported number of soaps and detergents for the period of 10 months in 2015 was in amount of 65.7 million USD

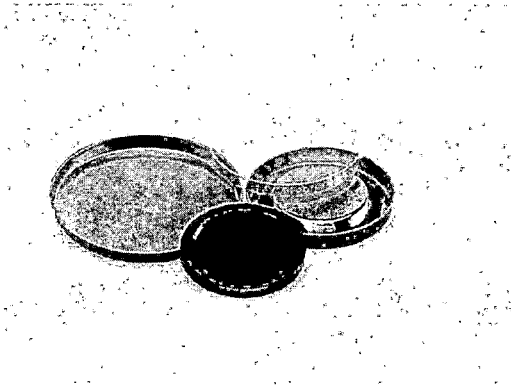

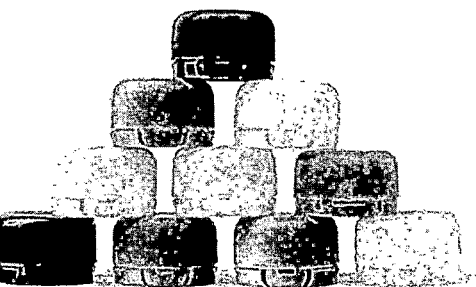

Employment creation: 100-150 people

CLOSURES PRODUCTS

The purpose of the project: The manufacture of covers, caps and other closures production

Implementation period: 2016 – 2017 years

Required Investments: 2 mln. dollars. US

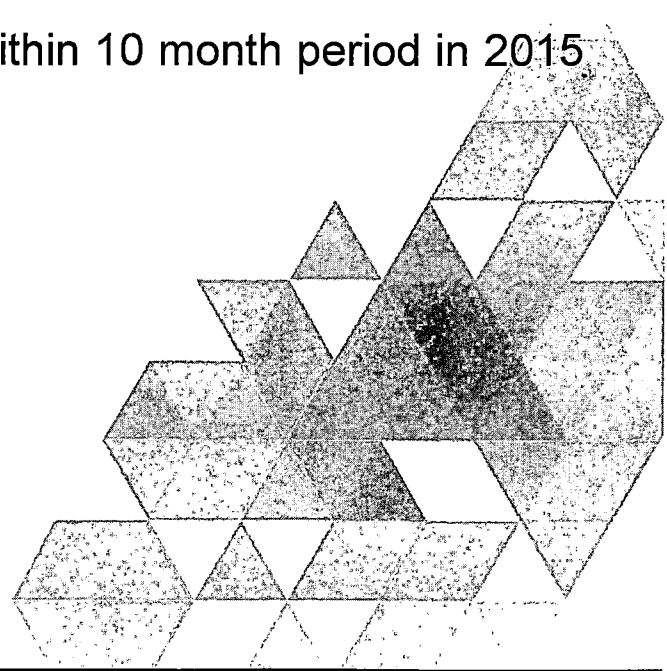

Payback period: 2 years

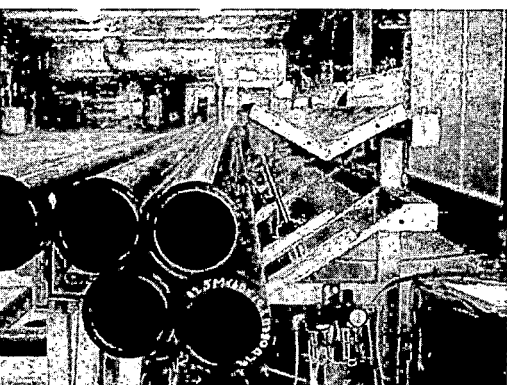

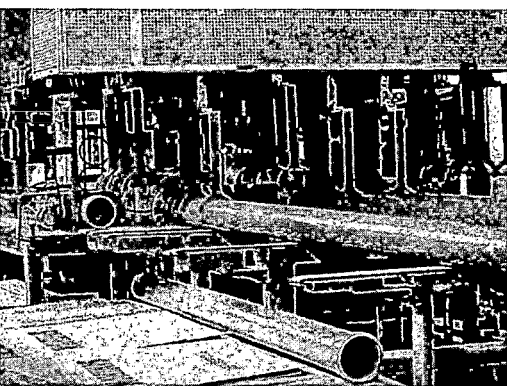

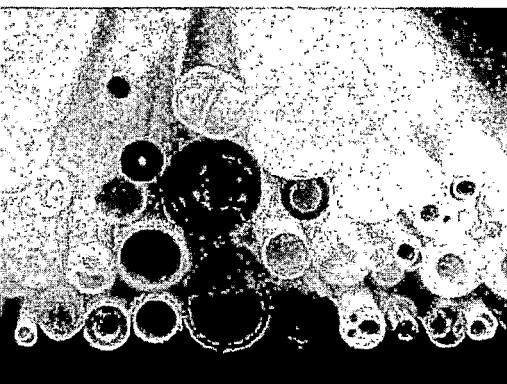

Need: Imported closure production within 10 month period in 2015 was in amount of 38.6 million USD

Employment creation: 50 people

The purpose of the project: Plastic tubes and pipes manufacture implementation

Implementation period: 2016 – 2017 years

Required Investments: 1,8 mln. dollars. US

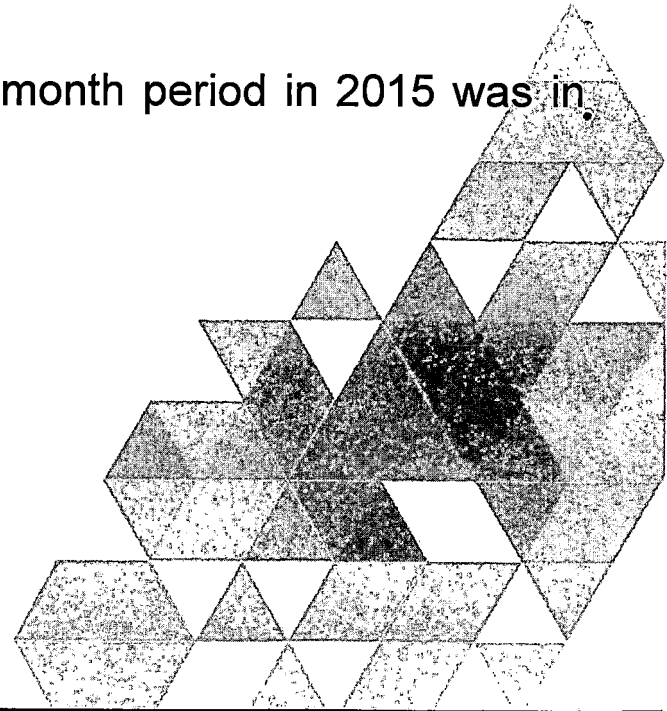

Payback period: 2,5 – 3 years

Need: Imported plastic tubes for 10 month period in 2015 was in amount of 40.2 million USD

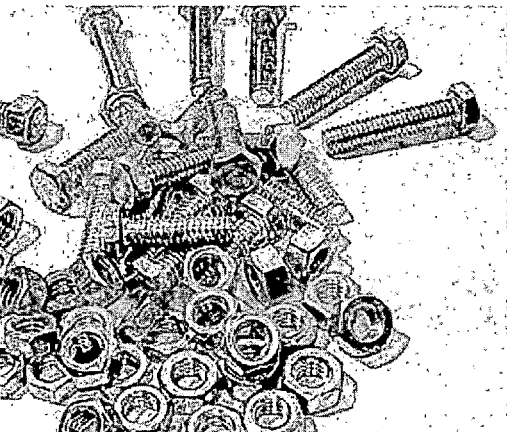

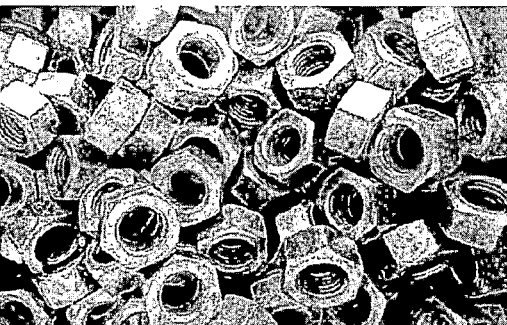

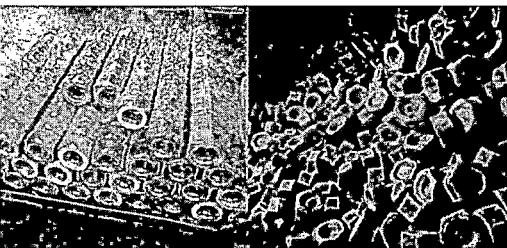

Employment creation: 80 people

FIXING TOOLS PRODUCTS

The purpose of the project: Manufacture of fasteners such as screws, bolts, nuts, coach screws, rivets, washers, etc.

Implementation period: 2016 – 2017 years

Required Investments: 15 mln. dollars. US

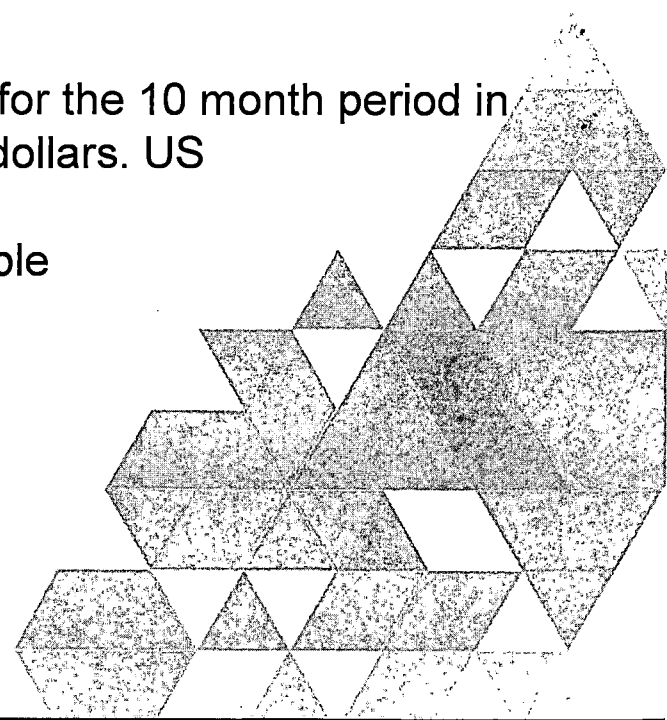

Payback period: 5 – 6 years

Need: Imported number of fasteners for the 10 month period in 2015 was in amount of 19.1 million. dollars. US

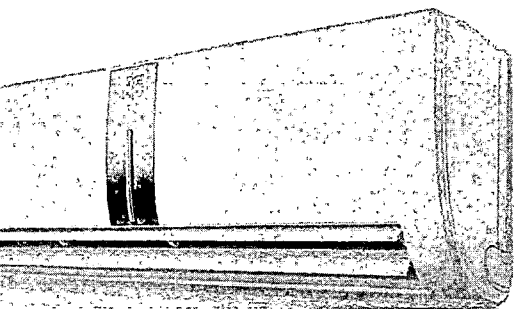

Employment creation: 100-110 people

AIR CONDITIONING MANUFACTURER

The purpose of the project: Air conditioning manufacturer implementation

Implementation period: 2016 – 2018 years

Required Investments: 2 mln. dollars. US

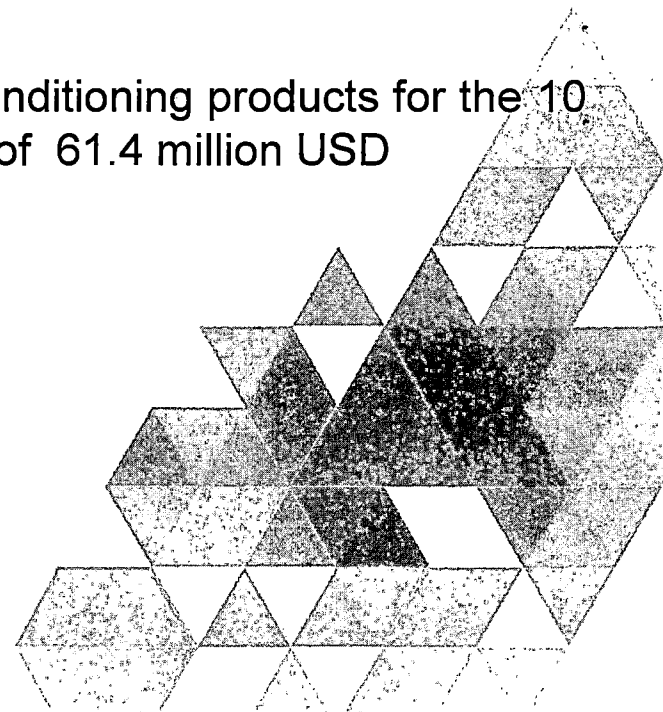

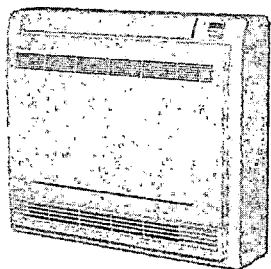

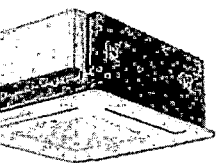

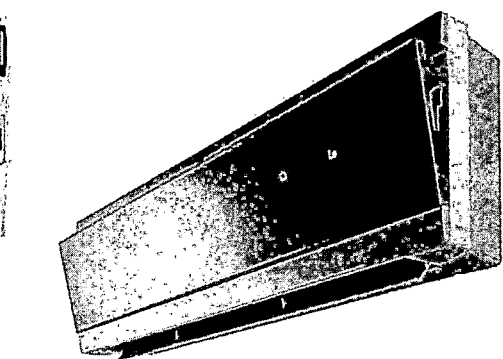

Payback period: 3 years

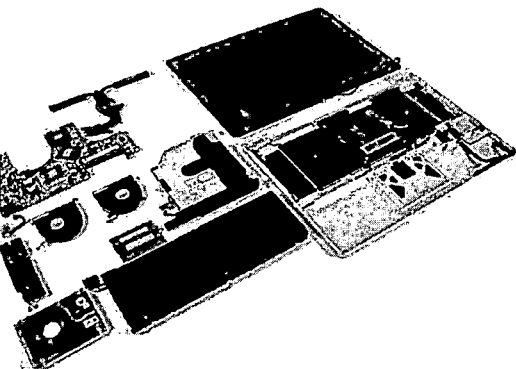

Need: The imported number of air conditioning products for the 10 month period in 2015 was in amount of 61.4 million USD

Employment creation: 40 people

The purpose of the project: Implementation of computers, phones, wireless mobile devices and their accessories assembly

Implementation period: 2016 – 2019 years

Required Investments: 23 mln. dollars. US

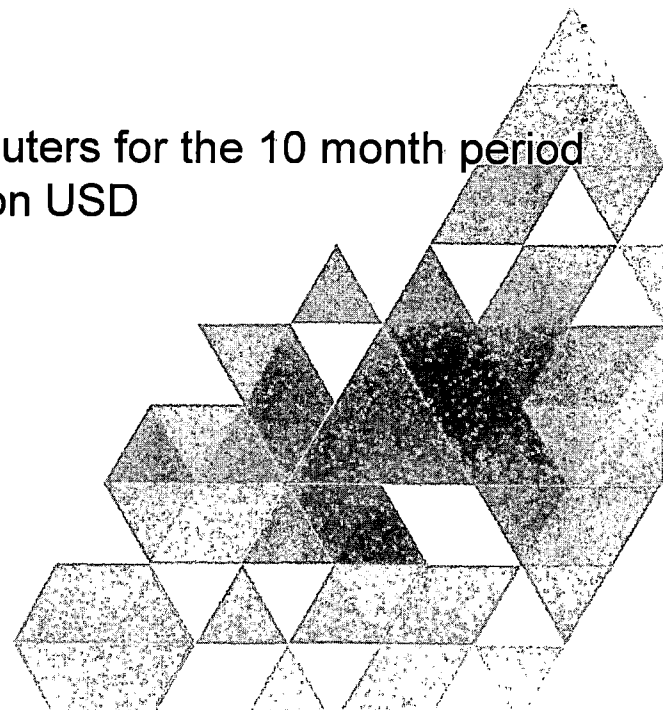

Payback period: 7 years

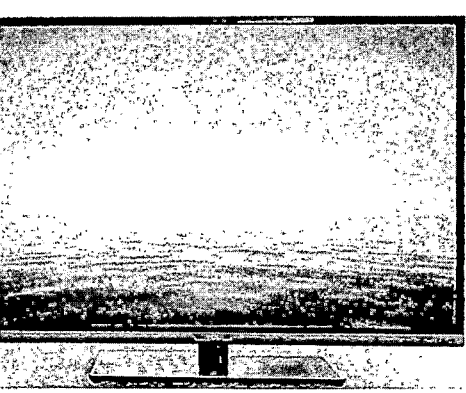

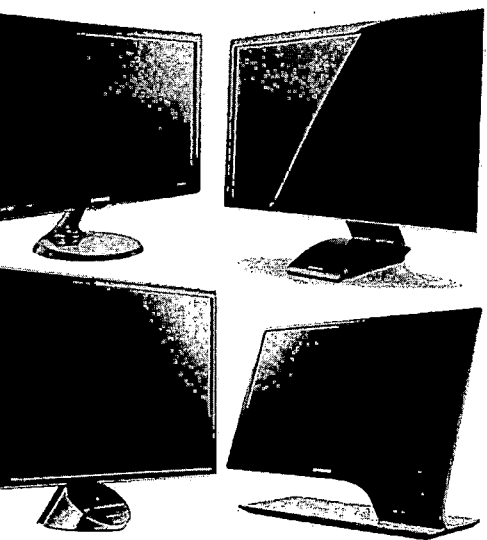

Need: The imported number of computers for the 10 month period in 2015 was in amount of 222,3 million USD

Employment creation: 400 people

The purpose of the project: To construct the factory to produce monitors and televisions, and the establishment of a research laboratory (R & D) in the special economic zone "Park of innovative technologies"

Implementation period: 2016 – 2020 years

Required Investments: 10 mln. dollars. US

Payback period: 3 years

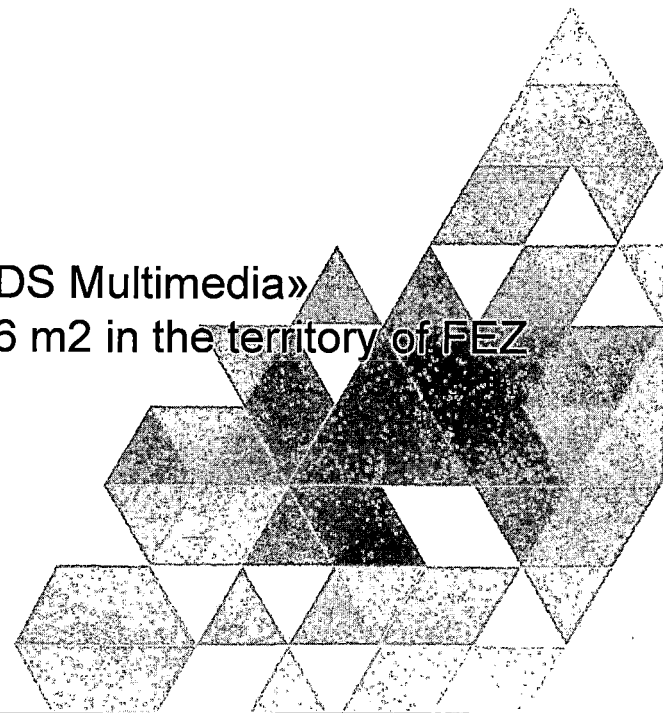

Advantages:

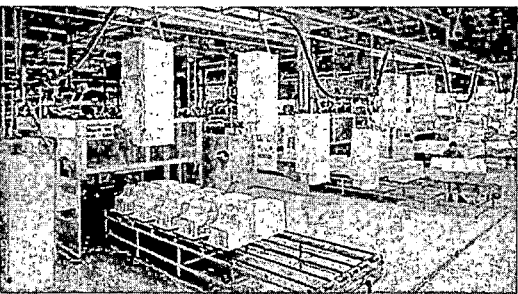

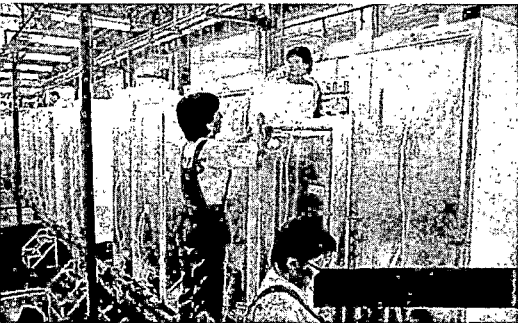

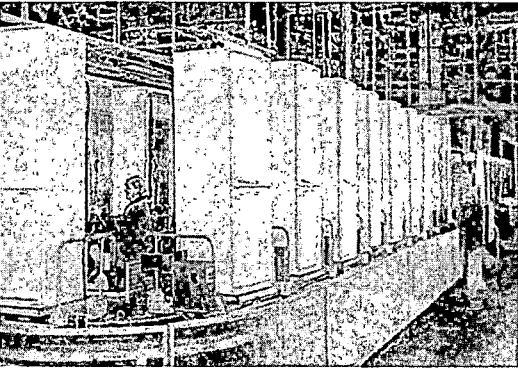

- There is a partner of JSC «Glotur DS Multimedia»
- There is available space area 9886 m2 in the territory of FEZ "Park of innovative technologies"

Employment creation: 200 people

REFRIGERATORS ASSEMBLY

The purpose of the project: Organization of assembling refrigerators and freezers

Implementation period: 2016 – 2018 years

Required Investments: 13 mln. dollars. US

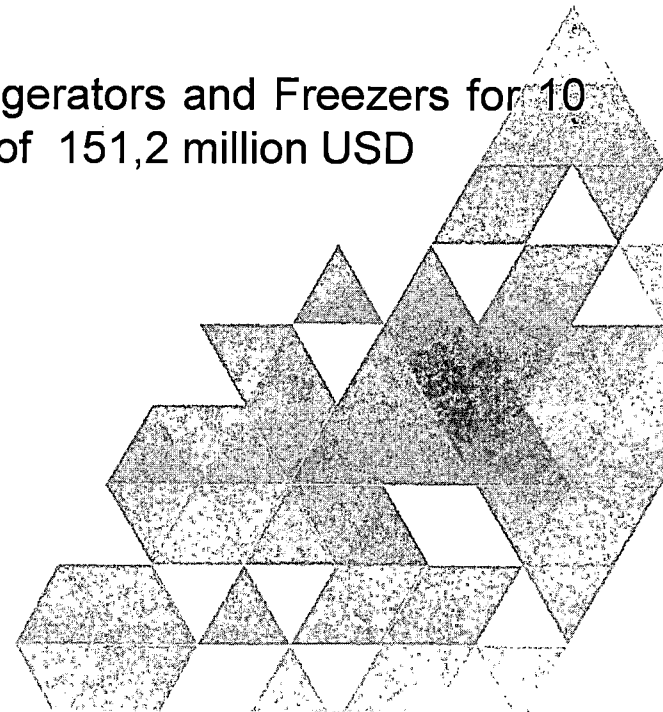

Payback period: 6 years

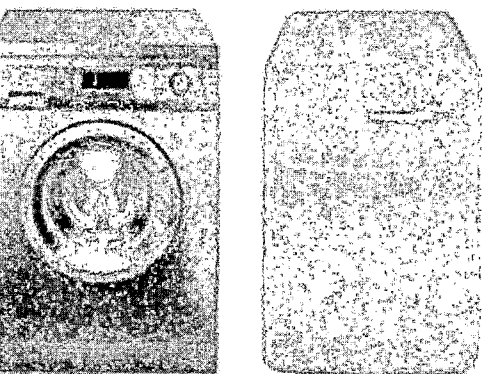

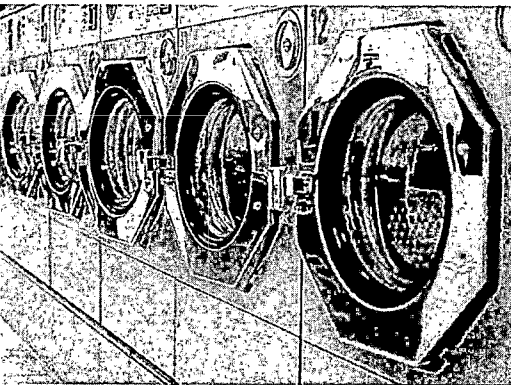

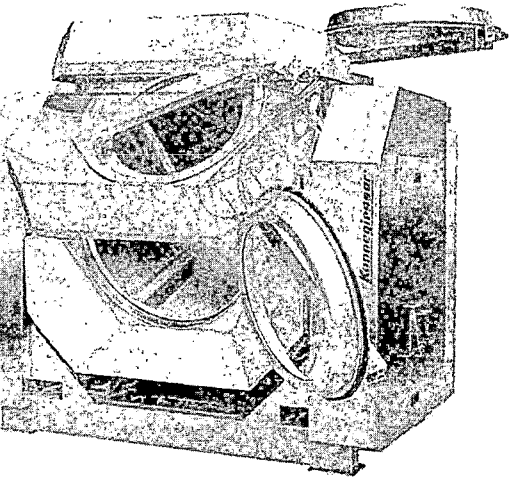

Need: The imported number of Refrigerators and Freezers for 10 month period in 2015 was in amount of 151,2 million USD

Employment creation: 90 people

ASSEMBLY WASHING MACHINES

The purpose of the project: To assemble household and laundry washing machines

Implementation period: 2016 – 2018 years

Required Investments: 8 mln. dollars. US

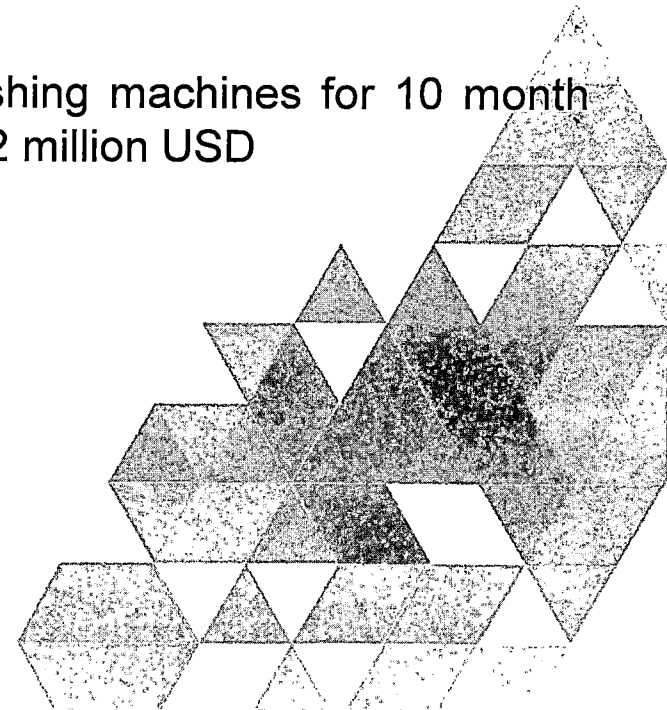

Payback period: 5 years

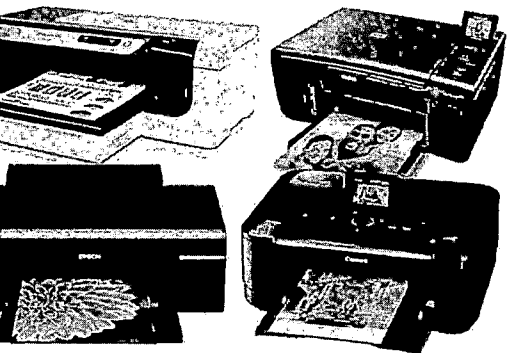

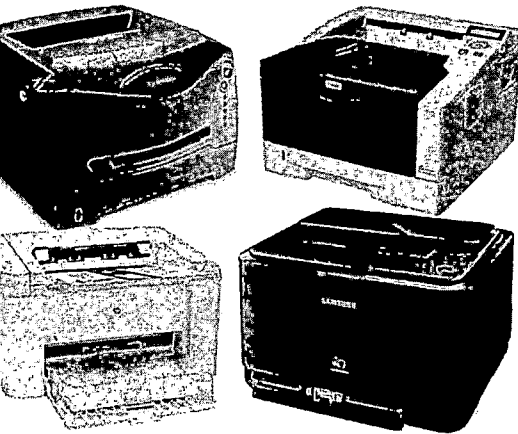

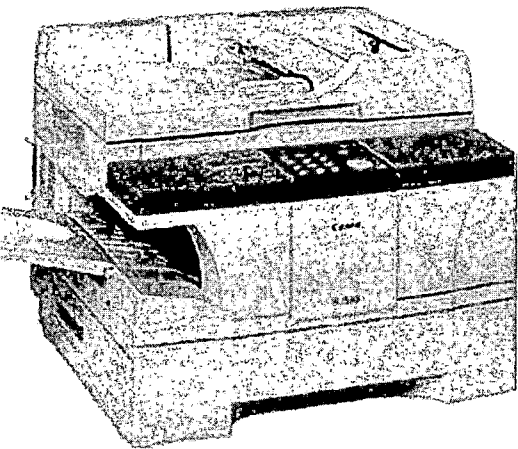

Need: The imported number of washing machines for 10 month period in 2015 was in amount of 16,2 million USD

Employment creation: 70 people

The purpose of the project: Presses, printers, copiers and fax machines assembly

Implementation period: 2016 – 2018 years

Required Investments: 11 mln. dollars. US

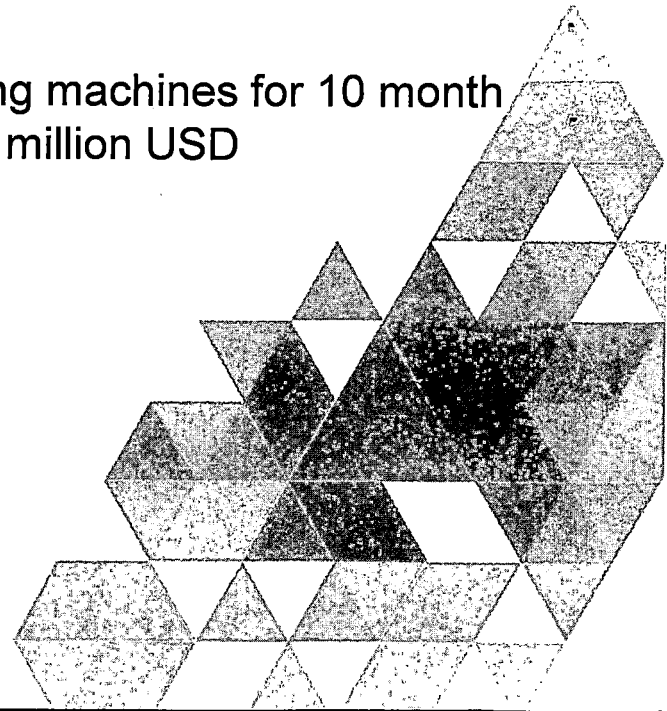

Payback period: 4 years

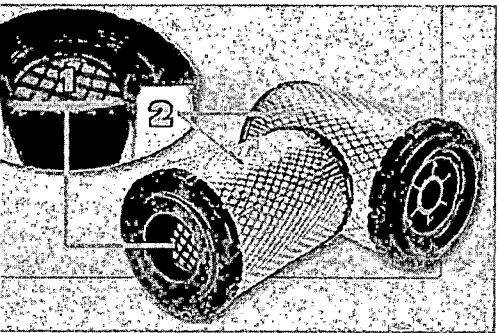

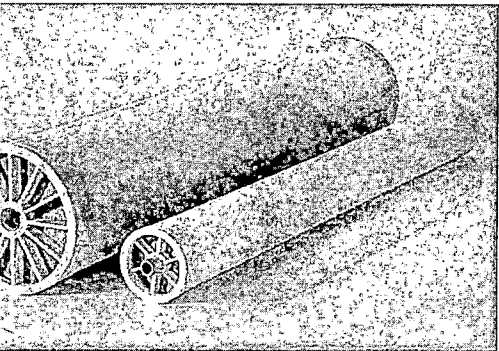

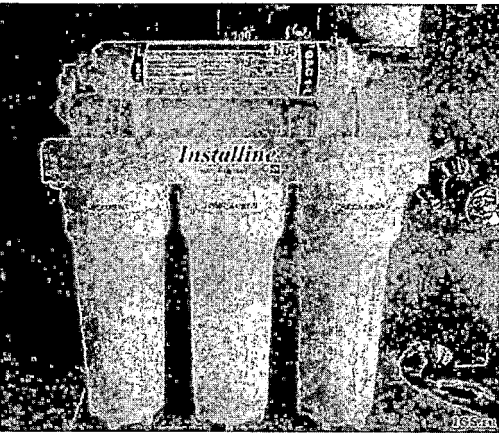

Need: The imported number of printing machines for 10 month period in 2015 was in amount of 16,2 million USD

Employment creation: 50 people

FILTERS PRODUCTION

The purpose of the project: Filters manufacturing for liquids and gases purification

Implementation period: 2016 – 2017 years

Required Investments: 800 mln. dollars. US

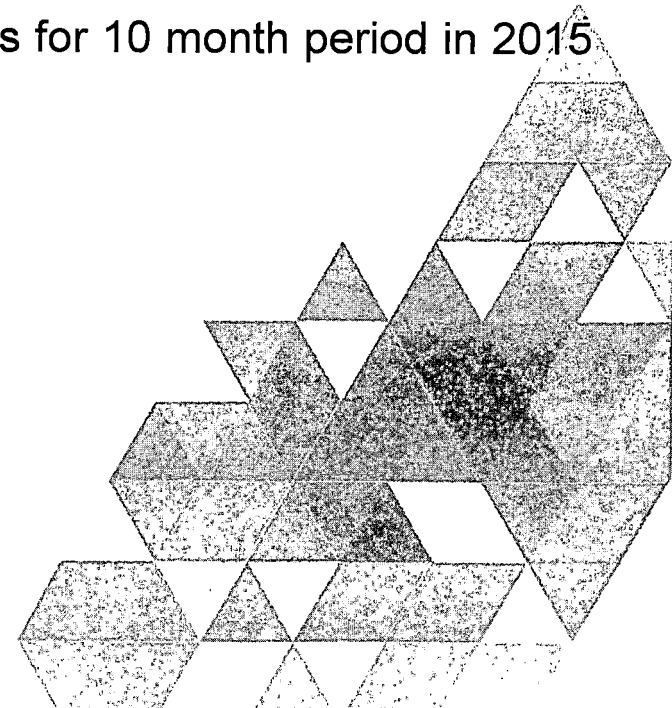

Payback period: 2 years

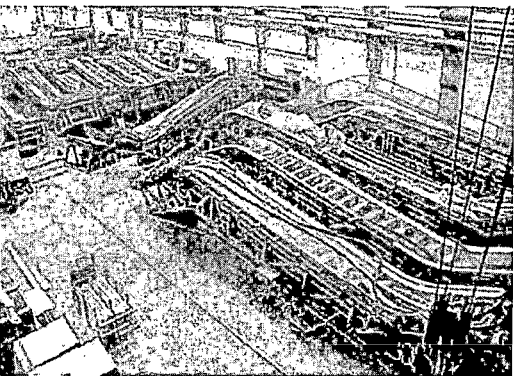

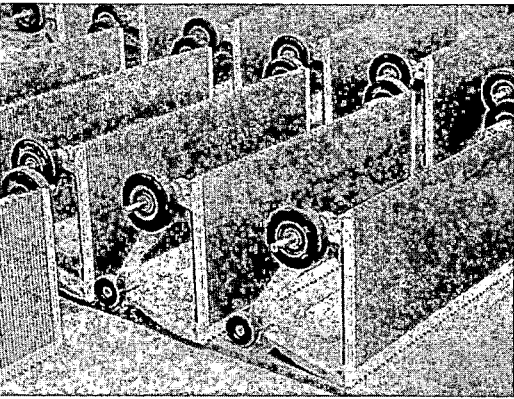

Need: The imported number of Filters for 10 month period in 2015 was in amount of 68,1 million USD

Employment creation: 20 people

MANUFACTURE OF LIFTING EQUIPMENT

The purpose of the project: production of elevators, escalators, conveyors

Implementation period: 2016 – 2019 years

Required Investments: 4 mln. dollars. US

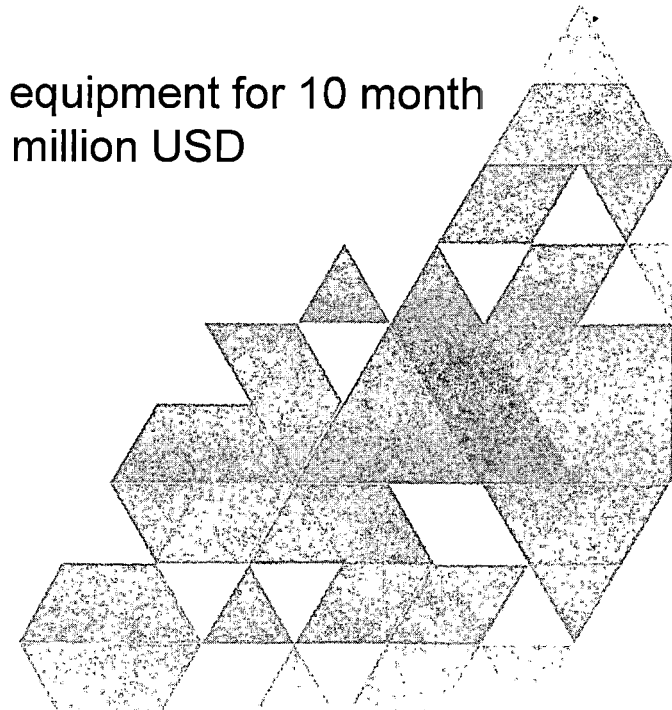

Payback period: 4 years

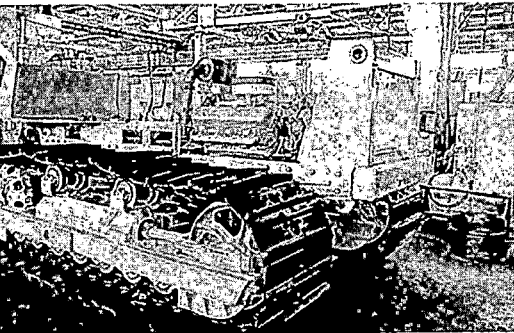

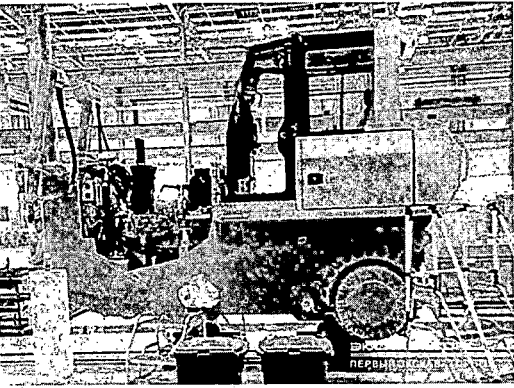

Need: The imported number of lifting equipment for 10 month period in 2015 was in amount of 68,1 million USD

Employment creation: 60 people

The purpose of the project: service center of heavy industry machinery repair and maintenance

Implementation period: 2016 – 2019 years

Required Investments: 2,5 mln. dollars. US

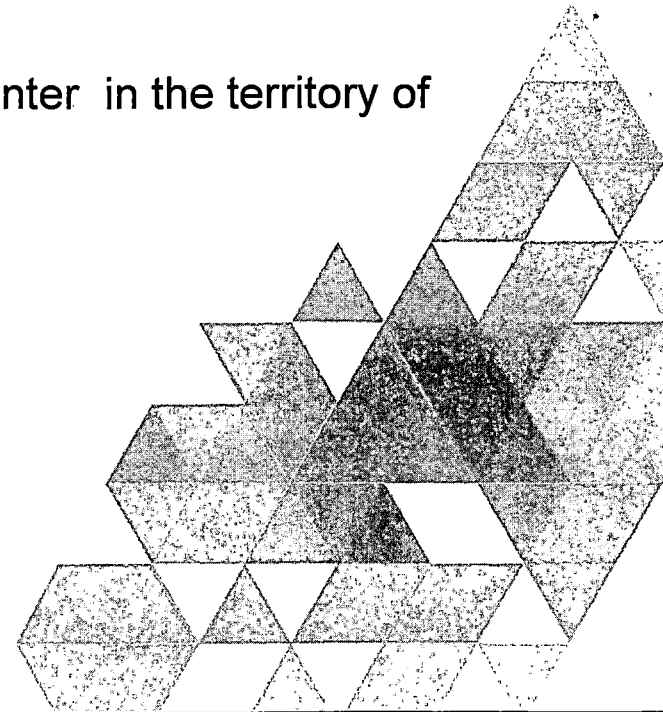

Payback period: 2 years

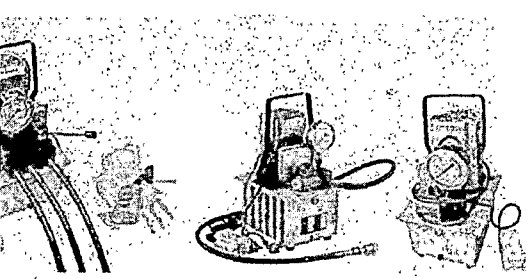

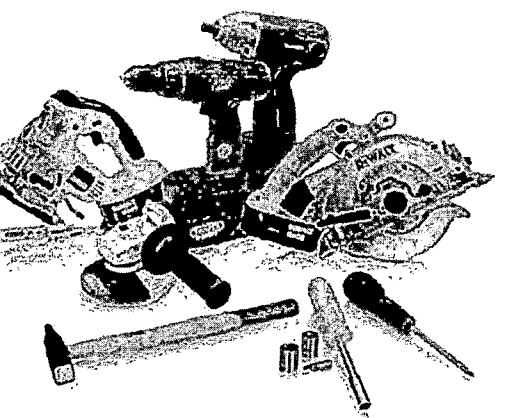

Need: There is no certified service center in the territory of Kazakhstan

Employment creation: 70 people

The purpose of the project: Manual, pneumatic and hydraulic construction tools production

Implementation period: 2016 – 2018 years

Required Investments: 5 mln. dollars. US

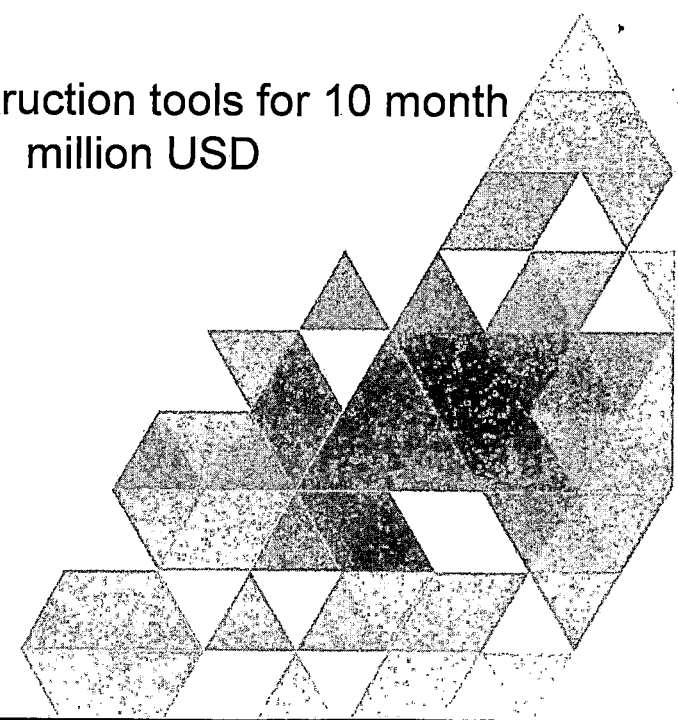

Payback period: 4 years

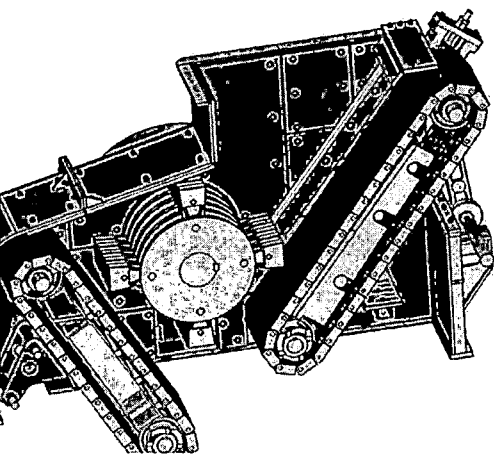

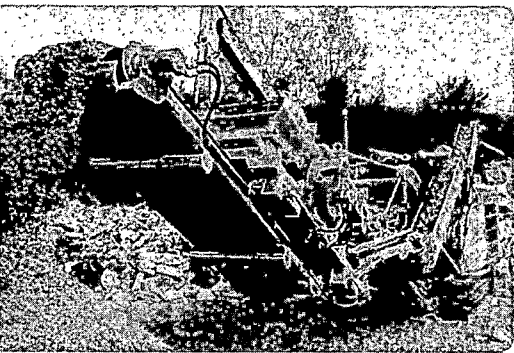

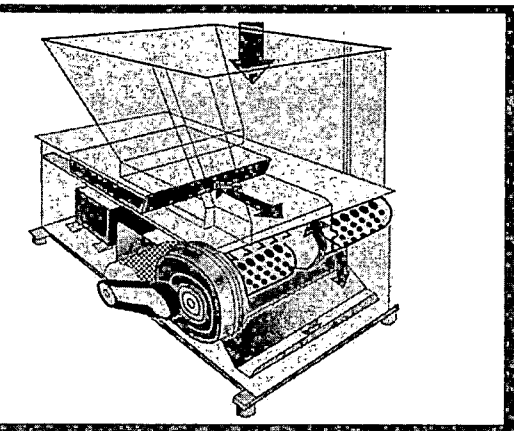

Need: The imported number of construction tools for 10 month period in 2015 was in amount of 24,4 million USD

Employment creation: 46 people

The purpose of the project: Production equipment for sorting, washing, grinding, mixing of gravel, stone and ores

Implementation period: 2016 – 2018 years

Required Investments: 15 mln. dollars. US

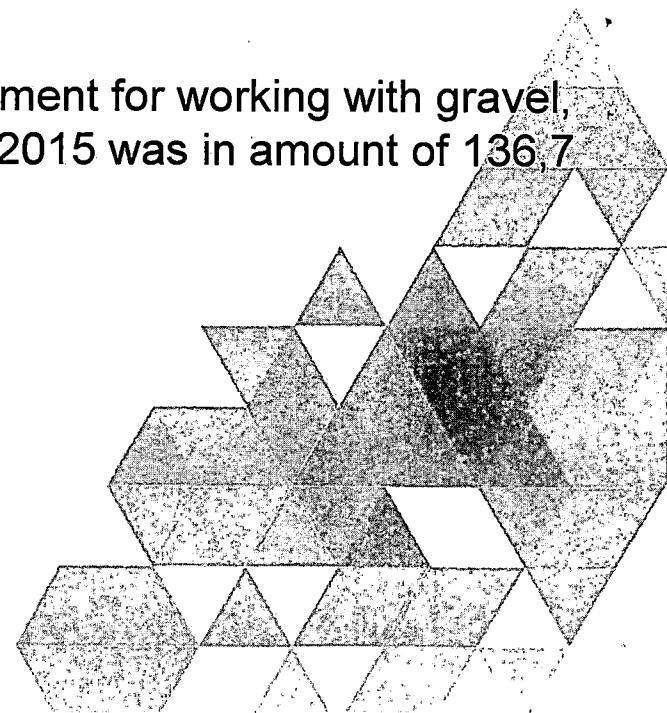

Payback period: 7 years

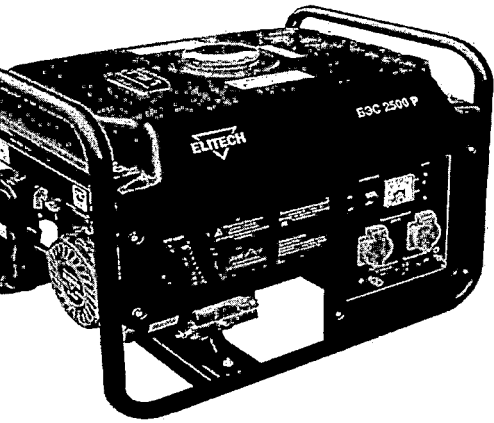

Need: The imported number of equipment for working with gravel, stone and ore for 10 month period in 2015 was in amount of 136,7 million USD

Employment creation: 130 people

The purpose of the project: power generators with rotary converters production

Implementation period: 2016 – 2017 years

Required Investments: 5 mln. dollars. US

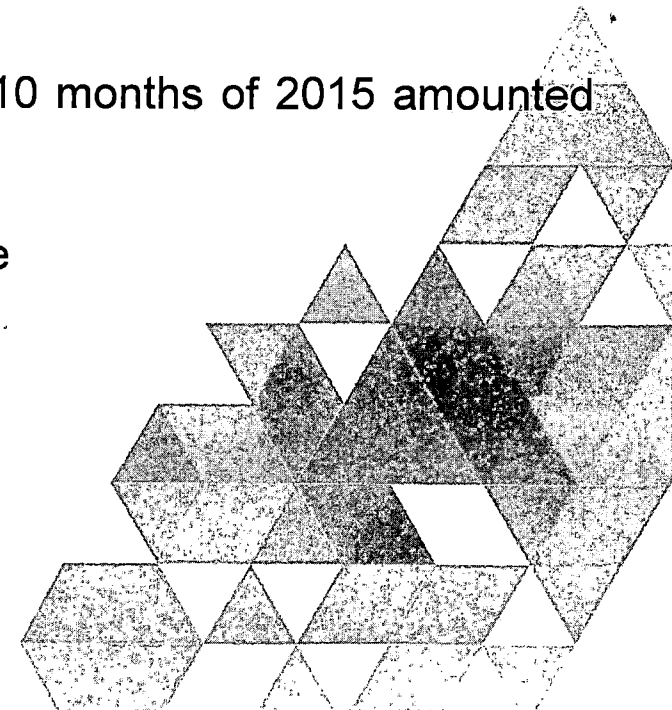

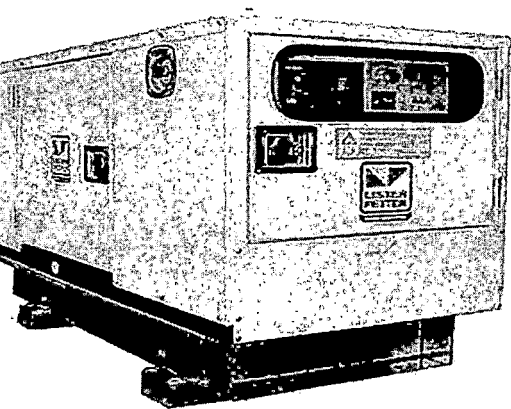

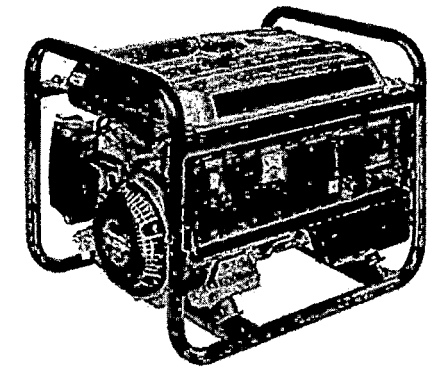

Payback period: 5-6 years

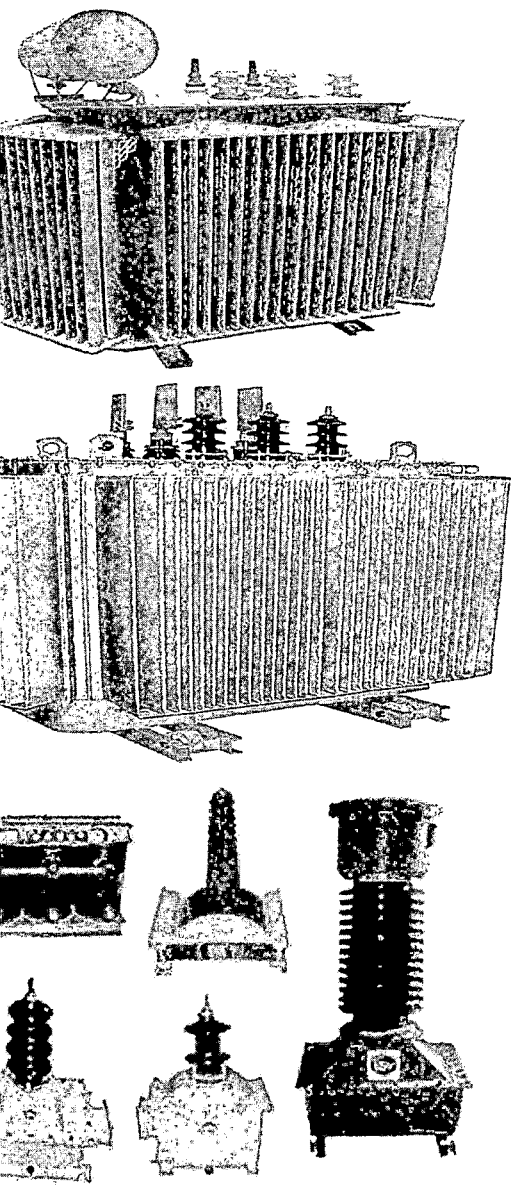

Need: import power generators for 10 months of 2015 amounted to 39.5 million. dollars. US

Employment creation: 50-60 people

TRANSFORMERS PRODUCTION

The purpose of the project: electrical transformers including set parts manufacturing

Implementation period: 2016 – 2020 years

Required Investments: 30 mln. dollars. US

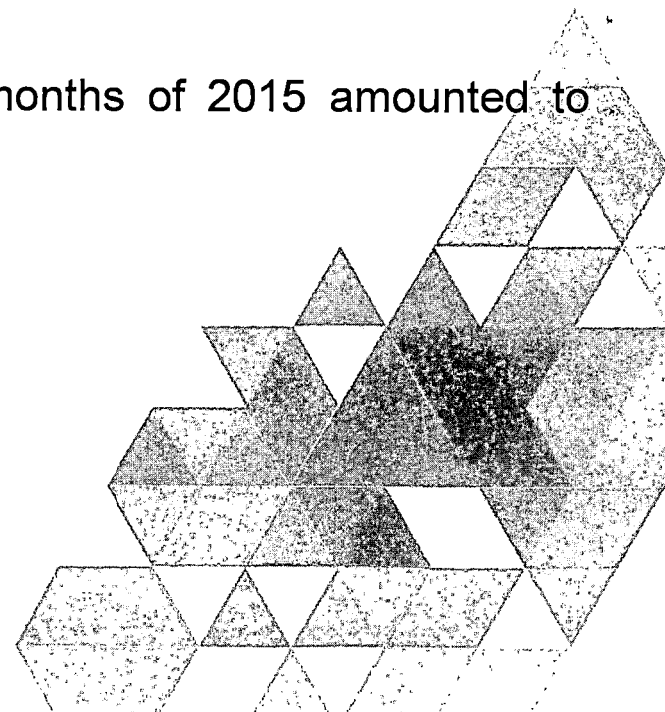

Payback period: 5 years

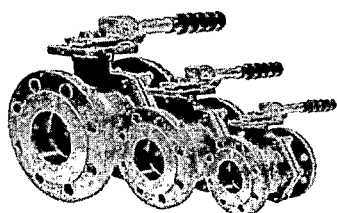

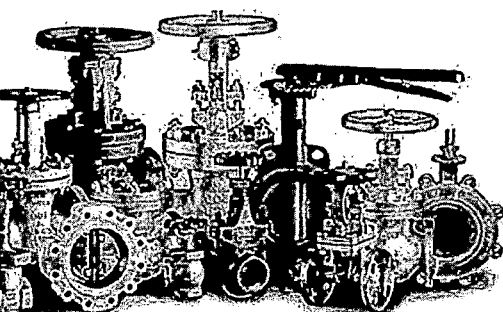

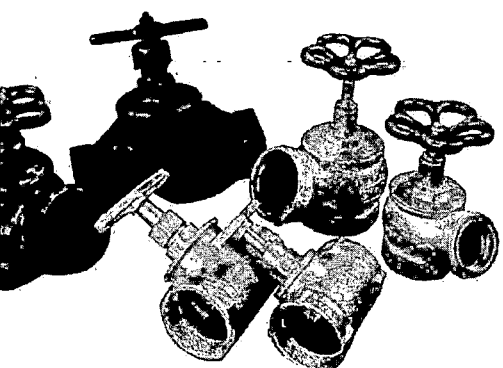

Need: Import transformers for 10 months of 2015 amounted to 75.1 million. Dollars. US

Employment creation: 200 people

The purpose of the project: automated valves, valves, fittings and valves for pipelines fabrication

Implementation period: 2016 – 2017 years

Required Investments: 7 mln. dollars. US

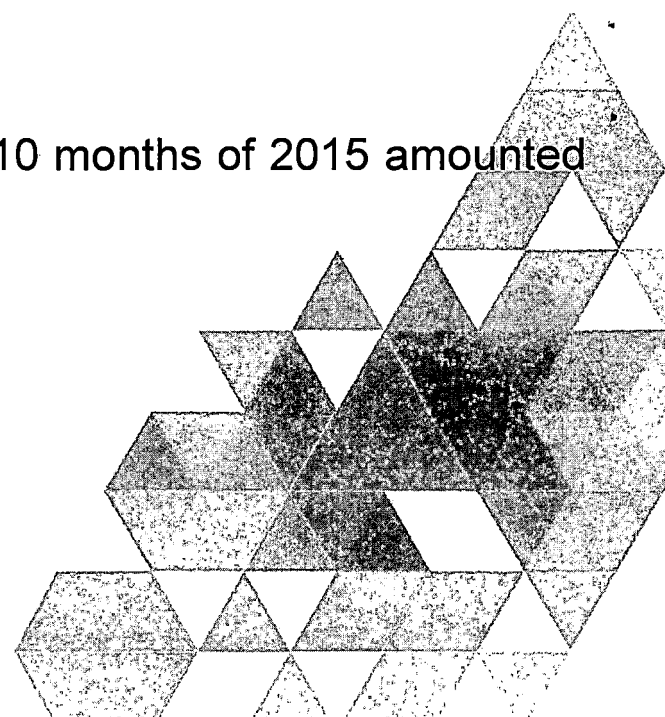

Payback period: 4,5 years

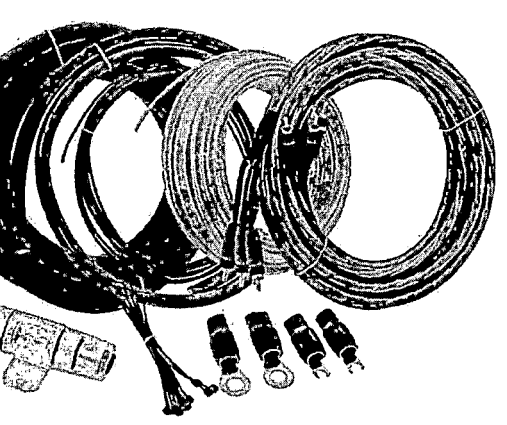

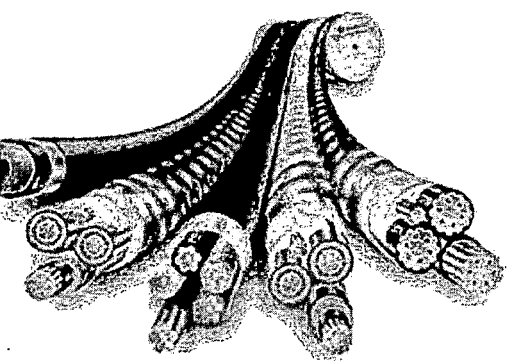

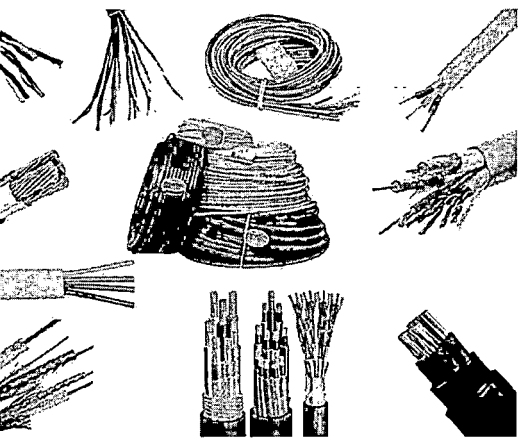

Need: Import of taps and valves for 10 months of 2015 amounted to 126.5 million. dollars. US

Employment creation: 90 people

The purpose of the project: To construct the factory to produce cables and insulated wires

Implementation period: 2016 – 2019 years

Required Investments: 125 mln. dollars. US

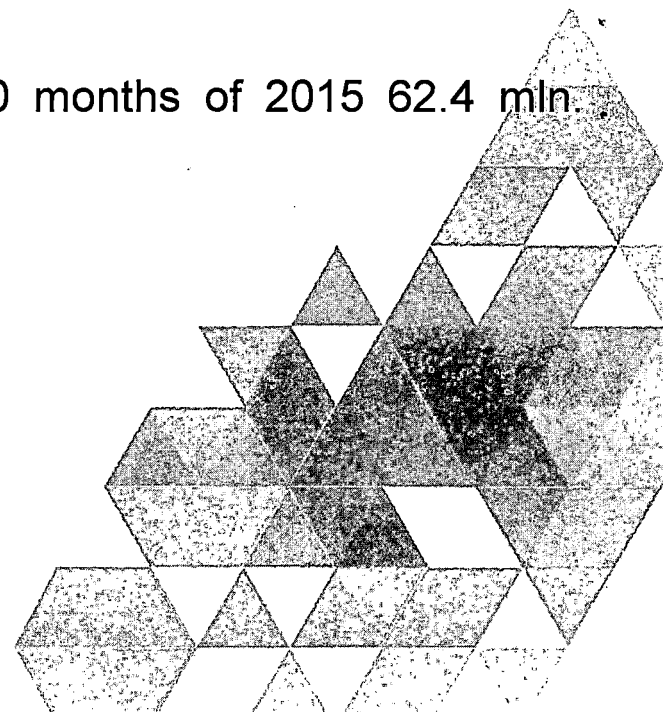

Payback period: 4 years

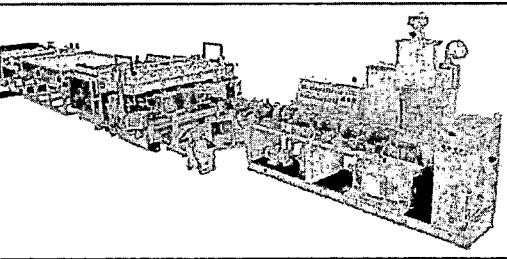

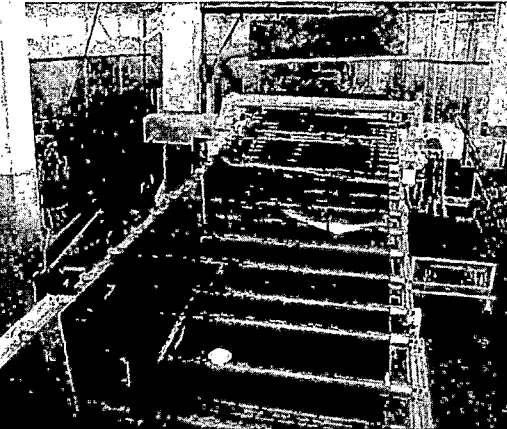

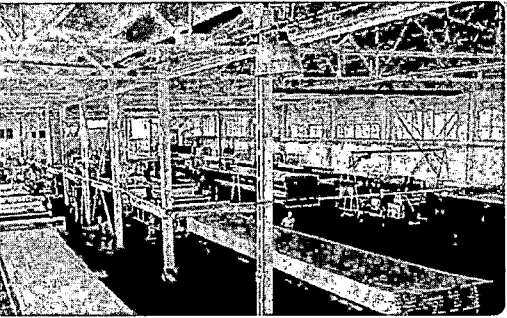

Need: Import insulated wires for 10 months of 2015 62.4 mln. USD

Employment creation: 250 people

The purpose of the project: To construct the factory to produce roofing material - polycarbonate

Implementation period: 2016 – 2017 years

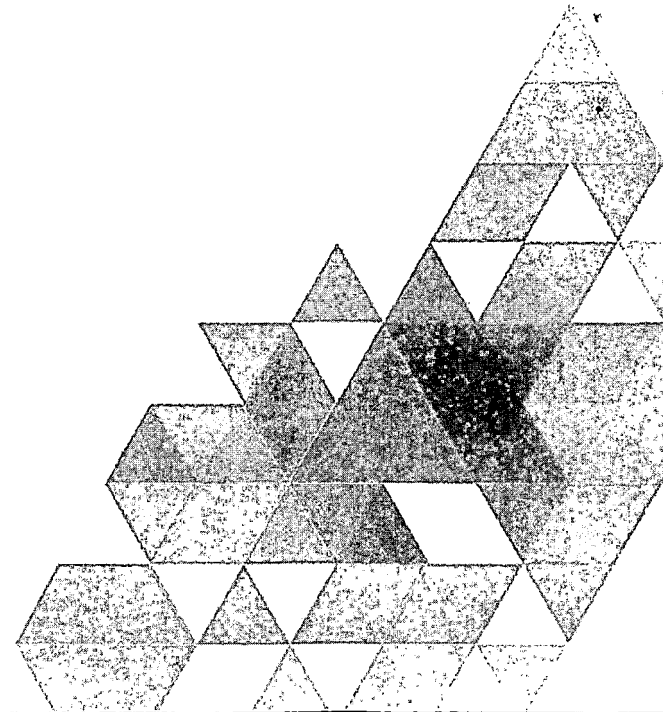

Required Investments: 1,5 mln. dollars. US

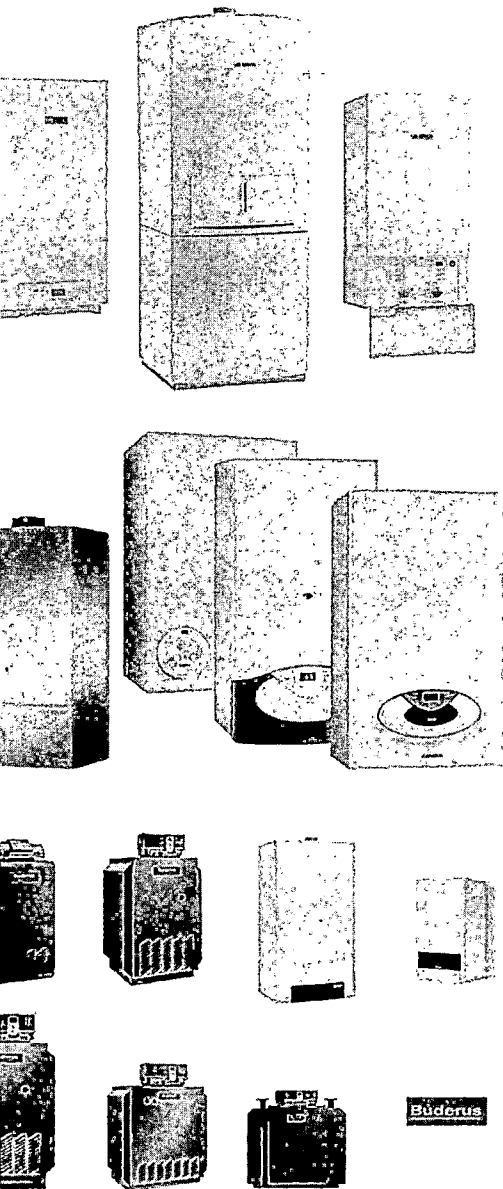

Payback period: 2,5 years

Employment creation: 20 people

PRODUCTION OF GAS BOILERS

The purpose of the project: Production of gas boilers for heating

Implementation period: 2016 – 2018 years

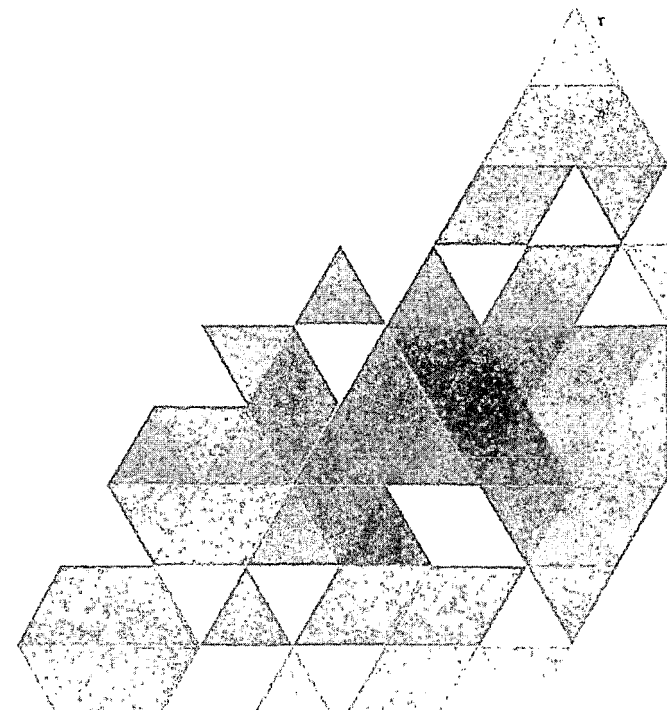

Required Investments: 1 mln. dollars. US

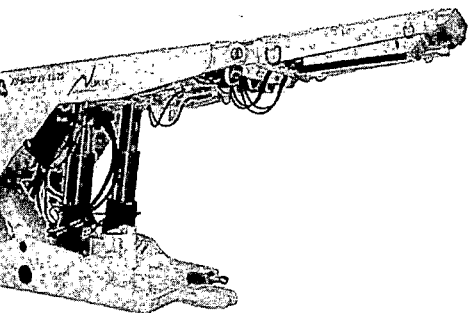

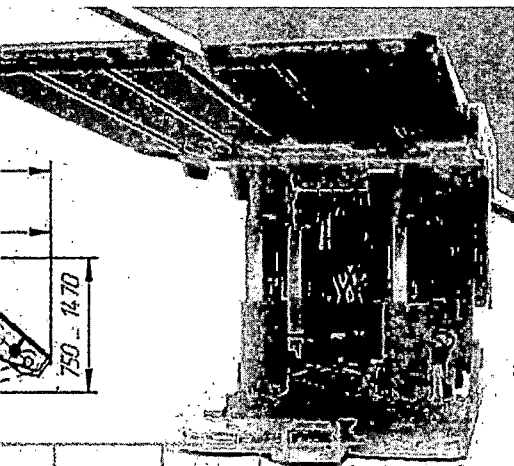

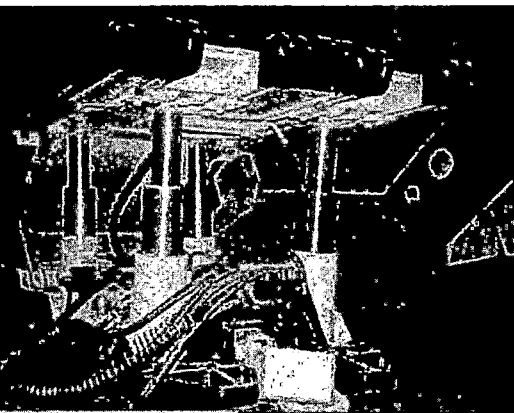

Payback period: 5 years

Employment creation: 50 people

The purpose of the project: manufacturing mechanical mine roof supports for supporting mine tunnels

Implementation period: 2016 – 2019 years

Required Investments: 10 mln. dollars. US

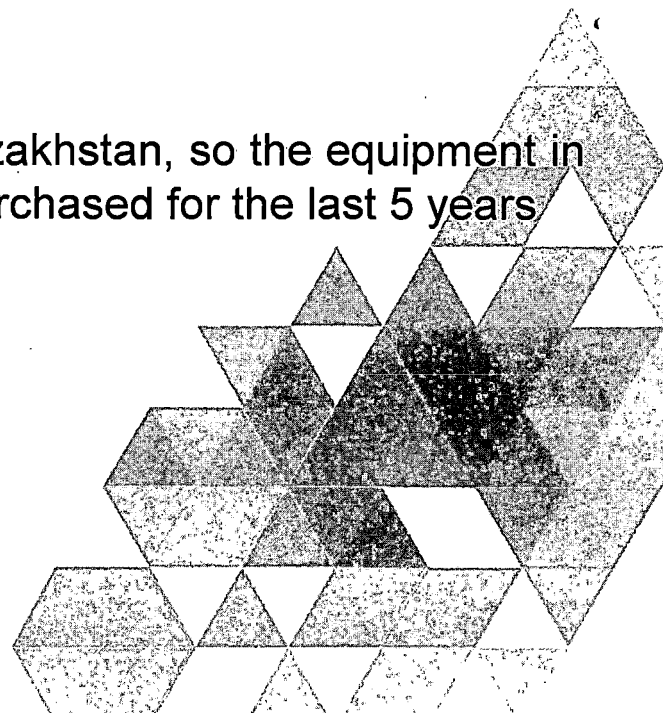

Payback period: 6 years

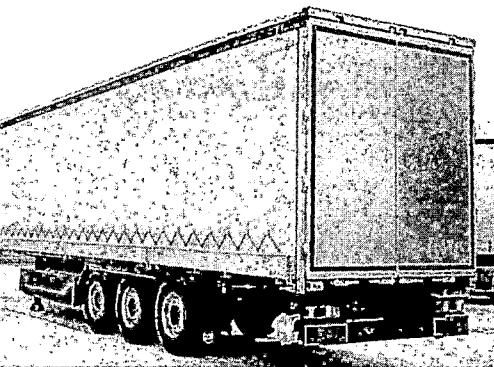

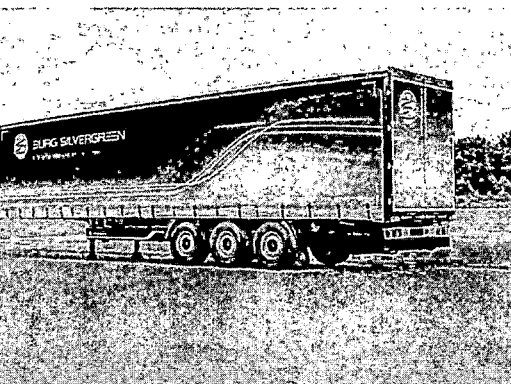

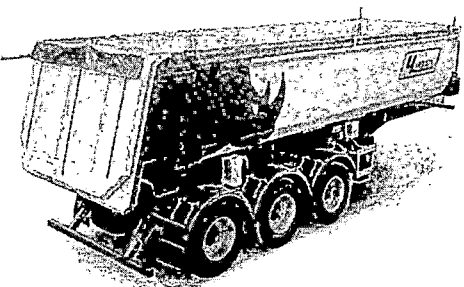

Need: There are no producers in Kazakhstan, so the equipment in amount of 404 mln USD has been purchased for the last 5 years

Employment creation: 150 people

CARGO TRAILER PRODUCTION

The purpose of the project: Fabrication of Cargo/Fournier Trailers with capacity more than 20 tons

Implementation period: 2016 – 2019 years

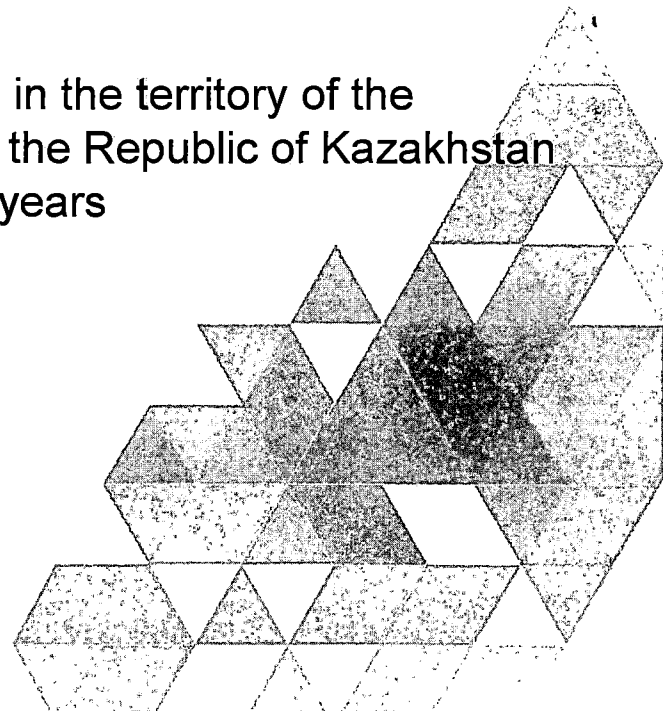

Required Investments: 600 mln. dollars. US

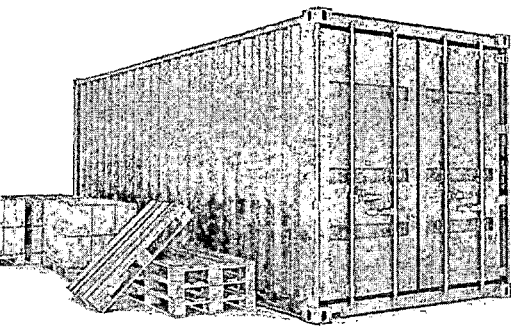

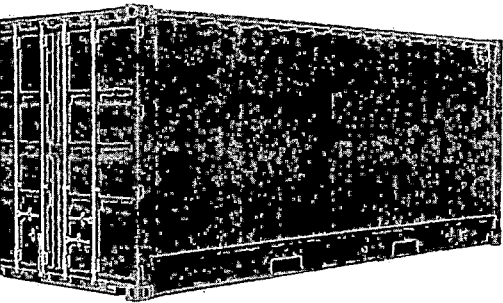

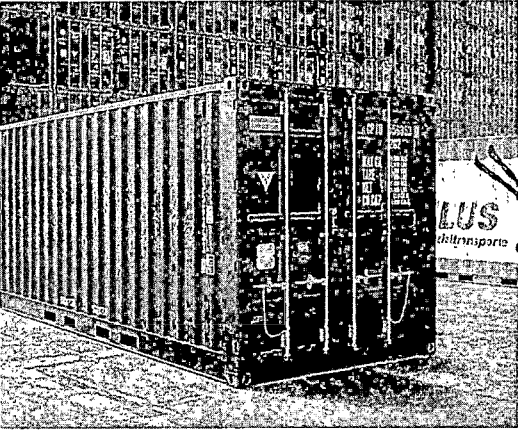

Employment creation: 300 people

Need: There is lack of cargo trailers in the territory of the Republic of Kazakhstan. Import into the Republic of Kazakhstan has been 11 000 units for the last 3 years

CONTAINER PRODUCTION

The purpose of the project: metal and sea transport containers
Fabrication

Implementation period: 2016 – 2018 years

Required Investments: 5 mln. dollars. US

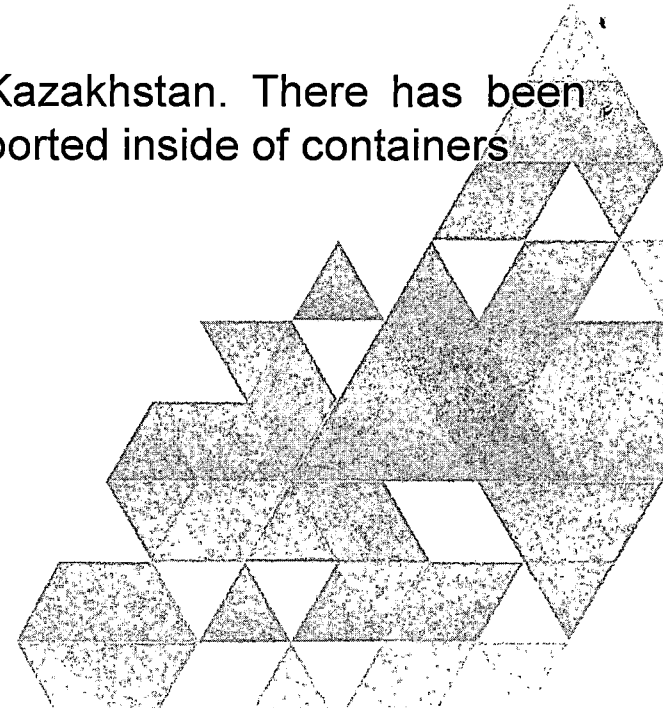

Payback period: 5 years

Need: There are no producers in Kazakhstan. There has been increase in exports of products transported inside of containers

Employment creation: 150 people
